SUNSET SEED AND NURSERY COMPANY

1720 OCEAN AVENUE (WESTWOOD PARK) SAN FRANCISCO, CALIF.

IN THE HEART OF SAN FRANCISCO'S GARDEN DISTRICT

NO. 12 AND K CARS STOP AT OUR DOOR

PHONE RANDOLPH 4099

To Our Many Friends and Customers

With the advent of another planting season we take pleasure in presenting this instructive booklet which lists the hardy and tested varieties suitable for this district along with proper instructions for their successful cultivation.

VISITORS are always welcome to inspect our store and nursery. It is situated in a garden district where there is plenty of parking space for cars. Having a seed store and nursery combined, patrons will find it convenient to make their entire garden supply purchases at one time. Courteous and expert garden advisers are always on hand to help you. You will feel at home in our store. Highest quality merchandise along with fair prices and courteous treatment have made us the most popular garden supply house here.

Thank You—We take this means to thank the many patrons who favored us with their orders during the past season, and trust that everything we supplied came fully up to expectations.

Please Order Early—The best time is just as soon as this catalogue reaches you. The stock may not be ready by then, but your order will be given immediate attention, and be filled just as soon as the stock arrives. At the first of the season there are no varieties sold out, and, besides, you get first choice.

Terms—Cash must invariably accompany order. Our prices are very low—as low as consistent with honest treatment and first class stock allows—and we cannot under any circumstances open an account or do a credit business, regardless of how responsible a customer may be. Our liberal terms of prepayment and low prices will not admit of it. All items mentioned postpaid are delivered free within the fourth zone.

C. O. D. Orders—We do not send goods **"collect on delivery"** outside of San Francisco.

Making Out An Order—Please write out all orders plainly. Positively be sure to sign your name to the order, and as surely give your postoffice address, county and state, also express office, if different from post office. Please keep a copy of your order, so as to check up stock on arrival. Make remittance by any of the following methods: Bank drafts, Postoffice or Express Money Order, or Personal Check. Make remittances payable to the Sunset Seed and Nursery Co.

Substitutions—As a rule we do not substitute unless given permission to do so; occasionally out of a large list of varieties called for, a variety may be sold out, and on so small an item it is generally better to make a good substitution than to send this small item short. When ordering late in the season it is always best to name a second choice—but it always is customer's privilege to order "no substitutions." We rarely have to substitute unless at the end of the season, but it is best to provide for the contingency. Our advice is to order early.

Safe Arrival Guaranteed—We guarantee all stock to reach customers in good condition. Any just complaint should be made at once upon receipt of shipment. We ship to nearly every state in the Union, and with our many years' experience in packing and shipping, we can safely agree to deliver stock to the most distant points in good condition. In case of unreasonable delay in arrival of stock, notify us, send copy of order, when originally mailed, how remitted and amount.

Non-Warranty—Most of the failures with seeds, plants and bulbs are due to causes entirely beyond our control, such as unfavorable weather, too deep and too shallow plantings, slugs, etc., therefore we give no warranty, express or implied, as to description, purity, productiveness, or any other matter of any seeds, plants, bulbs, etc., we send out, and will be in no way responsible for the crop; if the purchaser does not accept the goods on these terms, they are to be returned to us at once.

(NOTE.—All prices in this catalog are subject to change without notice.)

SUNSET SEED AND NURSERY COMPANY

1720 Ocean Ave. (Westwood Park)

San Francisco, California

(Open Sunday Mornings 9 to 1)

WARNING TO CUSTOMERS

WE HAVE NO AGENTS here or elsewhere and caution our customers to be very careful of house to house peddlers and others representing themselves as our agents. We deliver all orders in S. F. the same day as received, by our own trucks.

THE ROSE

"QUEEN OF ALL FLOWERS"

We have selected the rose as our leading specialty as it is the most popular flower in our American gardens today. This is as it should be as the rose is indeed the most satisfactory garden plant with its delightfully fragrant blooms and beautiful foliage. It rightfully deserves the title of Queen of Flowers. The rose has been constantly improved and perfected as to color blends, form and blooming qualities. We have tried earnestly to keep abreast of these new creations and have helped to introduce many of the new roses so popular in our western gardens. We have also experimented extensively with root stock used for budding purposes and now can safely say we have the **best root** obtainable to produce the finest roses over the longest period. We are the only nursery in this section using this particular root stock. The success of your rose garden is assured in placing your order with us. **We are the largest dealers of high grade grafted roses in San Francisco.**

THE GRADING OF ROSES

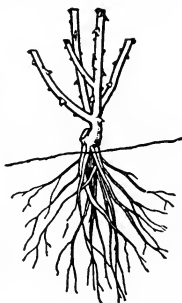

The public is led to believe in many cases that all two year old roses are one grade. This is not so as roses are graded according to certain standards set by American Nurserymen's Associations. They may be two year old plants or less, yet the difference between a No. 1, 1½, 2 or 3 grade is such that unless one is familiar with comparative grades he is easily misled. Investigate where and what you are buying. This season we are offering **number one grade only**. Do not be misled by cheap prices for low grades. The best is never too costly. We handle over 35,000 rose bushes in our Nursery. Come out and see this fine healthy stock.

A Rose properly pruned and planted

Correct way to prune. Cut clean, slightly sloped, just above the "eye"

Planted wrong. Not deep enough

A good Rose as received. The black lines show where to prune before planting

The black bar shows where to cut a Rose. Let two leaves remain on the bush

NURSERY DEPARTMENT

We offer only the highest quality nursery stock obtainable. It is clean and healthy and established in our nursery under the most exacting conditions for best results. Our stock always gives satisfaction. Visit our nursery. Inspection invited.

Customers will please remember that when our busy season commences we are rushed with orders and it may be a few days before their orders receive attention; but they may rest assured that there will be no unnecessary delay in shipping.

Dame Edith Helen

Items marked postpaid are delivered free within the fourth zone.

GUARANTEE—We will warrant all trees and plants to be good and thrifty, but having no control over them after delivery to the transportation companies or over the planting and care after they are received by the buyer, we will not be responsible in any other direction than as stated. We exercise great care to have all our nursery stock true to name. Nevertheless it is understood that should any stock prove otherwise, we shall not be liable for any sum greater than that paid us for only such stock as shall prove untrue.

All nursery stock shipped at purchaser's expense except where marked postpaid. We deliver all nursery stock free in San Francisco.

**Highest Quality Field Grown
Hardy Everblooming Roses**
(Plant Nov., Dec., Jan., Feb., March, April)

WE WILL NOT BE UNDERSOLD!

Owing to the unsettled conditions, other nurseries may endeavor to undersell us. However, our customers may be sure that any item advertised by another nursery at a lower price than is here quoted will be sold at the lower price!

Note—Our roses are used by the U. S. Government. We supplied hundreds of bushes to the Letterman General Hospital at the Presidio, Fort Mason, Navy Yard, Mare Island and other posts. We have the quality required by rigid government inspection. You will make no mistake in trusting us with your orders. Satisfaction guaranteed.

ROSE CULTURE

The rose loves a deep rich heavy soil, even inclined to adobe. In such soils the growth is strong and vigorous and the flowers have great substance. But even in a light, sandy soil, roses can be made to grow well, and they flower, as a rule, earlier than in heavy soil. To improve light soils, add clay, Holland peat, or adobe, and use pulverized Sheep manure as a fertilizer.

Do not apply strong fertilizers directly to the roots, but dust it on the surface and rake in slightly after the bushes are planted.

By our careful system of canning and potting, roses can be planted at any time of year; but the safest time to plant bare root bushes is from November to April. Both heads and roots of bare-root plants must be cut back before planting and thoroughly soaked with water afterwards. Should the roots appear to be dry on arrival, mix up some soil and water and "puddle" the roots in it for a couple of hours before planting. This closes the pores of the roots temporarily and to some extent prevents loss of sap through evaporation, a most important

ROSE CULTURE (continued)

point. In planting, thoroughly soak the soil down before adding the last or surface soil. This insures every portion of the root being thoroughly covered and prevents cracking of the surface owing to the top soil being loosely placed. Frequent hoeing or cultivating of the surface soil is absolutely necessary to keep this loose soil or "mulch" on the surface. Especially is it necessary after watering. Plant the bushes so that the point where it is budded shall be at least two or three inches below the ground.

PRUNING

This should be done during the months of December, January and February. At that time the bushes are in a dormant condition. Cut just above a prominent but dormant bud that is pointing outward. It is difficult to give full data as to the method of pruning, but it might be summed up as follows:

Remove all small twiggy growths, pruning back to strong, well ripened canes which are well furnished with healthy, big dormant eyes. As a general thing, the entire top of the plant should be removed.

Abbreviations: T. means Tea Roses; H. T. means Hybrid Tea; H. P., Hybrid Perpetuals; Pol. Polyantha (Baby Roses); Per. means Pernetiana; N. means Noisette.

Hardy Everblooming Bush Roses

All Our Roses Are Strong Two-Year-old Bushes That Will Bloom This Spring

We pay shipping charges on Bush and Climbing Roses within the fourth zone by parcel post or express at our option. When ordering a general assortment of nursery stock, unless all items are marked prepaid, it is understood that shipping charges are to be paid by the customer.

Finest Roses of Recent Introduction

(ALL ROSES POSTPAID)

When priced at 35c each they are \$3.50 per dozen; 40c each they are \$4.00 per dozen; 50c each they are \$4.50 per dozen; 60c each they are \$5.50 per dozen; 75c each they are \$6.50 per dozen. Six at the dozen rate. Special prices in larger quantities.

Angele Pernet (H. T.)—Deep flaming orange changing to brilliant tango. 60c each.

Briarcliff (H. T.)—An improved Columbia. High-centered buds of exquisite form; color a bright clear shade of rose-pink; stems long, stiff and nearly thornless. Fragrant. 60c each.

Charles P. Kilham (H. T.)—A distinct and striking novelty which we know will appeal to and please every rose lover. The buds are long pointed of perfect shape, opening to high centered perfectly formed full double flowers of a rich and brilliant oriental red, flushed with orange and glowing scarlet. A vigorous grower; very free flowering and sweetly tea-scented. Awarded gold medal National Rose Society in England. \$1.00 each.

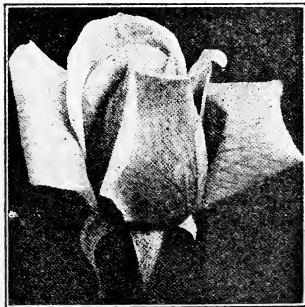

Christine (H. T.)—Clean, bright yellow, medium sized blooms borne on a low, branching plant, almost always in bloom. Very dainty. Nearly unique among unfading yellow roses, for its healthy foliage and reliable blooming qualities. \$1.00 each.

Conspicuous—Glowing scarlet; very large double flower; holds its color nicely in the fully developed flower. Good grower; in flower all the season. 75c each.

Cuba (H. T.)—Although the flowers are almost single they possess a charm and brilliancy which is an entirely new tone in Roses, a bright vermilion-scarlet overlying an orange ground. A vigorous grower and good bloomer. 60c each.

Dame Edith Helen (H. T.)—A new glowing fragrant, pink. Erect rigid stems, free flowering. 60c each.

Doris Dickson (H. T.)—Medium-sized buds and extremely fragrant, double flowers of orange-cream, heavily veined with bright cherry-red. Stems stiff and wiry. Vigorous and prolific. A small flower of the Gorgeous type but much more vividly colored, the veins standing out like an X-ray photograph. It has bloomed prolifically for us, is deliciously scented, and promises to be a delightful garden rose. 75c each.

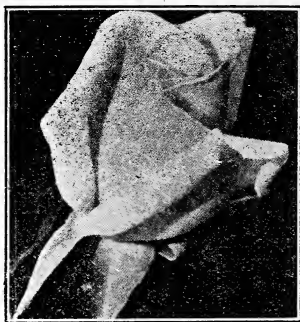

Doris Dickson

Finest Roses of Recent Introduction (cont'd)

ALL ROSES POSTPAID

Duchess of York—The buds are a charming shade of rich orange, opening to flowers of soft apricot-pink. The flowers are large and full, and are freely produced on long, stout stems. We can highly recommend it. 75c each.

Rapture

E. G. Hill—The flower is scarlet, shading to a deeper pure red as it develops. It produces long stems naturally and the foliage develops freely and is of fine color. A good producer and an unusually good keeper. Does not fade even during the hottest weather. Sweetly scented. Will fill a long felt want for a good red rose that does not turn purple, is easy to grow and does not mildew. 75c each.

Eldorado. (H. T.)—A clear yellow rose that holds its color when fully opened. The lovely cupped flowers are very double with petals beautifully crinkled at the center of the bloom. An exceptionally good garden rose. 60c each.

Etoile de Feu—Flower salmon-pink and coral red, shaded with flame tint, large, full and globular; growth vigorous; an excellent bedding rose. 60c each.

Etoile De Hollande (H. T.)—This brilliant red rose has become very popular in the last few years. It has beautiful oval buds which open to glorious, large blooms that hold their color in strong sunlight, never showing bluish tints. It is especially lovely in the half-open stage. Moderately but sweetly fragrant; growth is strong and it is more resistant to mildew than most red roses. 75c each.

Feu Joseph Looymans (H. T.)—Remarkable for the length and beautiful form of its vivid apricot-colored buds and large fairly full flowers of golden buff. Splendid foliage and of free flowering habit. 75c each.

Gaiety—The opening bud shows brilliant red as the sepals spread; the petals are ruffled, and each row has a different tone, from old rose to cream and white in the center; a fine quick grower, with long stiff stems. 75c each.

Imperial Potentate (H. T.)—Dark shining rose-pink in color, very double with firm heavy petals. Most of the newer roses lack fragrance, but this variety possesses a delicious fragrance. Not a new color but a very satisfactory rose. 60c each.

Irish Charm—The buds and flowers are of medium size, the base of the petals a rich golden-apricot passing to a delicate blush-pink as the flowers develop. 75c each.

Joanna Hill—A seedling of Amelia Gude and Mme. Butterfly. The blooms are clear yellow, deepening at the center, and hold their color under artificial light. 75c each.

John Russell (H. T.)—Large ovoid buds and immense crimson flowers of the old-time globular type with the famous exhibition center. Plant exceptionally strong and vigorous. Surely it is one of the handsomest red roses, and creates a stir wherever it is seen. 60c each.

Julien Potin—This is one of Mr. Pernet's latest achievements, which will probably become better known as "The Golden Pernet." It is unquestionably the most gorgeous and brilliant yellow rose yet introduced, a rich golden yellow that grows richer and deeper as the flowers mature. The buds are long and shapely, and develop into large, full flowers of beautiful form, delightfully sweet-scented. Habit of growth upright with ample, attractive, glossy, bronzy-green foliage; very free-flowering. 75c each.

Lady Margaret Stewart (H. T.)—The flowers in the young stage are deep sunflower-yellow heavily veined and splashed with orange-scarlet. The fully developed flowers are cadmium-orange. Buds long and pointed opening to very full flowers. Vigorous grower and free from mildew. 60c each.

Lord Charlemont (H. T.)—The long, pointed, high-centered buds are the most nearly perfect of any red rose grown. They are produced singly on good strong stems. The color is a brilliant glowing crimson with almost black shadings. The open blooms are fully double, large and delicately fragrant. 75c each.

Lulu—The best of its kind. The color is a deep rich apricot. Buds are long and pointed, similar to Irish Fireflame in form but with twice as many petals. 60c each.

Finest Roses of Recent Introduction (cont'd)

(ALL ROSES POSTPAID)

Margaret McGredy (H. T.)—Large, semi-double blooms of orange-scarlet and oriental red, changing in the mature flowers to carmine-rose. The wonderfully beautiful blooms are borne on strong stems. An unusually strong grower, producing an abundance of bloom. 75c each.

Marion Cran (H. T.)—A rose of unusual and entrancing loveliness. Buds are buttercup-yellow, streaked with cerise. The open blooms are large with long-fluted petals which are a coppery pink on the inner surface with the reverse of the petals yellow and gold. The plant is exceptionally good-looking and is a continuous bloomer. 75c each.

Mary Pickford (H. T.)—An exquisite shade of orange-yellow stained on the reverse of the outer petals with salmon. The buds are long and pointed and expand to medium size blooms. Free and constant bloomer. 50c each.

Matchless—The deep, cerise sport of Premier. We predict that this Rose will take the place of Premier, as the flowers are larger and the color much superior to the original Premier. 60c each.

Miss Rowena Thom (H. T.)—This seedling from Los Angeles and Radiance has many of the good qualities of both parents. Buds are long, opening to very large blooms of glistening rose-pink; the base of the petals has a golden suffusion which increases the charm of this beautiful rose. 75c each.

Mrs. A. R. Barraclough (H. T.)—A superb new pink rose. The long buds of perfect form open to large, fully double blooms of dark, glistening pink with a glint of yellow at the base of the petals. Stems are long and slender, but give ample support to the fragrant blossoms. 75c each.

Briarcliff

Mrs. Beckwith (H. T.)—Long, deep yellow buds, opening to medium-sized fairly full blooms of strong lemon-yellow, paling to white at edges; somewhat fragrant. Plant is of moderate, erect growth, with healthy foliage. 75c each.

Mrs. E. P. Thom (H. T.)—The successful result of the effort to find a rose of Claudius Pernet type that would retain its color and give perfect blooms throughout the season under ordinary garden conditions. Has well-formed buds and fairly large, double flowers of clear, even yellow, produced singly on good stems. 75c each.

Mrs. F. R. Pierson (H. T.)—A very much improved Premier. Color a dark cardinal red; very vigorous, sweetly scented; long stems, foliage large; dark and abundant. 60c each.

Mrs. Henry Bowles (H. T.)—Each year adds to the popularity of this charming rose. Warm pink, flushed with salmon. Well-shaped blooms in greatest profusion. In constant bloom from early spring until late fall. 60c each.

Mrs. Lovell Swisher (H. T.)—Exquisitely formed buds of soft salmon, expanding into large blooms of coppery salmon, shading to flesh. The coloring is delicately beautiful at all stages. Flowers are borne upright on long, strong stems. 60c each.

President Cherioux (H. T.)—Very large, salmon-pink blooms with reddish buff shadings and petals of waxy texture. Splendid grower and liberal bloomer. 50c each.

President Herbert Hoover (H. T.)—A cross between Sensation and Souvenir de Claud. Pernet. Beautifully formed, large blossoms and very fragrant. The color is a charming combination of cerise pink, flame, scarlet and yellow, with broad thick petals, retaining this characteristic for days after the flowers have fully opened. The foliage is clean and handsome. This rose is going to be a winner. \$1.00 each.

Queen Alexandra—A beautiful rose and very rare. Outside of petals old gold, inside bright vermillion. 50c each.

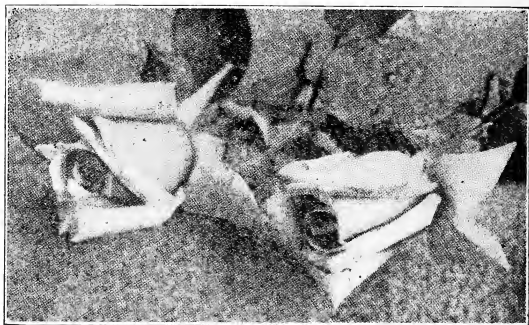

Rapture (H. T.)—An improved sport of Mad Butterfly with beautiful mildew proof foliage. Free grower. Deep salmon with bright golden suffusion. Pointed bud. Ask to see this rose at your florists. 50c each.

Finest Roses of Recent Introduction (cont'd)

(ALL ROSES POSTPAID)

Rev. F. Page Roberts (H. T.)—Long buds stained copper-red opening to full double flowers of buff-yellow; vigorous grower and free bloomer. 60c each.

Sally Tite—A brilliant crimson that does not fade. Good grower. One of the finest for garden or exhibition. We think it one of the best roses of its color yet introduced. Very full, large flower. 75c each.

Lulu

Sensation. As the name implies it is a "Sensation," due to the color and habit of growth. Anyone that has seen Premier can imagine what this is like, being better in every way, color, foliage and growth. Buds long and pointed opening full and double and retaining its color in the open flower. Blooms produced on long stiff stems well above the foliage and in great profusion. Color an entrancing shade of red. 50c each.

Souvenir de Georges Pernet (H. T.)—Brick-red buds, opening to terra-cotta-pink blooms of immense size, very double and fragrant. Stocky, dwarf plant of free blooming habit. Like all Pernet's it should be pruned lightly. 50c each.

Severine—Strong grower, bushy with erect branches. Foliage bronze-green. Mid-sized flowers; half full. Superb color, coral red, passing to shrimp-red when fully expanded. New color, lovely when the buds are expanding. 75c each.

Talisman (H. T.)—This new rose is a winner wherever exhibited. Long pointed bud, high centered, lasting well when cut. Very fragrant. Golden yellow, inside of petals copper. Blossoms borne singly on long stems. Very hardy. 75c each.

Ville De Paris (H. T.)—Round buds of clear yellow and big globular flowers of the same hue, untouched by any other color. Plant is notably tall and wiry and the foliage, dark, small and very leathery. This is one of the really distinct breaks in the new yellow roses. In form the bloom is much like Radiance. The growth is unusually wiry and pliant for a yellow rose. 75c each.

Waltham Flame (H. T.)—Rich terra-cotta flowers, shaded with bronzy orange. Free flowering and recommended for bedding. The single flowers have a very distinct and attractive color. 75c each.

Wilhelm Kordes (H. T.)—Long, pointed buds and double, high-centered flowers of deep golden salmon, overspread with a tint of copper and veined with red. Very fragrant and unusually free flowering. Vigorous, compact growth. One of the most marvelously colored roses of recent years; almost any color description would suit it at one time or another, but it is always bright and distinct. The flower also has substance and real beauty of form, a quality rare in roses of this general type. The blooms are a trifle smaller than usual in hot weather, but the color holds well. The early flowers and those produced in autumn are magnificent. The foliage is strong, leather-like and resistant to mildew and black-spot. 75c each.

HIGHEST QUALITY HARDY EVERBLOOMING ROSES

(ALL ROSES POSTPAID)

Choice Assortment

American Beauty (H. P.)—Color rosy crimson; extra large full flowers; exceedingly sweet; makes magnificent buds. 40c each.

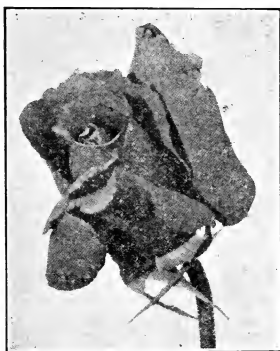

Austrian Copper—Bright copper color, single. 50c each.

Betty Uprichard (H. T.)—The inner face of petals is a delicate salmon-pink to carmine, while the outer petals are a glowing carmine with a suffusion of orange; a glorious combination of colors. Awarded gold medal. 50c each.

Black Prince (H. P.)—Intensely dark crimson approaching black. Flowers are cup-shaped, large and full. 50c each.

Caroline Testout (H. T.)—Clear pink; one of the best Hybrid Tea roses up to date. It is clear pink and there is nothing in the rose line that can approach it in color. 40c each.

Cecile Brunner (Poly.)—Popular baby rose. Salmon - pink with deep salmon center; borne in clusters; very small; full and delicately scented. 50c each.

Hadley

Cheerful (H. T.)—Flaming orange, a new and pleasing shade. Flowers very large and beautifully formed. 50c each.

Constance (H. T.)—Lovely, long orange-yellow buds, sometimes streaked crimson. Flowers golden yellow, full and globular, free flowering. 50c each.

Columbia (H. T.)—This beautiful rose is of strong, vigorous habit of growth and exceptionally free flowering. The flowers, which are of good size, are perfect in form. In color it is a most pleasing shade of rose-pink, and delightfully fragrant. 50c each.

Daily Mail Rose—See Mad Ed. Herriot.

Diadem (H. T.)—A large, fragrant double flower of coppery-orange, with salmon and flame tints. 50c each.

Dorothy Page Roberts (H. T.)—Beautiful buds opening into large globular blooms of coppery pink, suffused with apricot—an unique rose possessing remarkably beautiful color shades. A strong grower and a free bloomer, an excellent bedding variety, to be recommended for the garden. Hardy. 50c each.

Duchess of Wellington (H. T.)—Saffron yellow tinted crimson, becoming deep coppery yellow; long pointed buds. 50c each.

Frau Karl Druschki or **Snow Queen** (H. P.)—A remarkably vigorous grower. Its flowers are very large, perfect in form, of the purest snow-white color, with large shell-shaped petals. A very free bloomer. 40c each.

Gen. Jacqueminot (H. P.)—Bright shining crimson, very rich and velvety, exceedingly brilliant and handsome; makes magnificent buds. 50c each.

General McArthur (H. T.)—This is probably the greatest favorite of all the garden roses. The flowers are a vivid crimson scarlet and retain their brilliancy when the flowers are fully expanded. Very highly perfumed and practically free from damage by mildew. 50c each.

Golden Ophelia (H. T.)—The flower is of medium size, golden yellow in the center, paling slightly toward the outer petals; of perfect form. 50c each.

Hardy Everblooming Bush Roses (Continued)

(ALL ROSES POSTPAID)

Golden Emblem (H. T.)—It is so perpetual flowering that as a garden and bedding rose it is without a rival. At its best it surpasses Marechal Neil in shape and formation, and with its wonderful coloring is a most beautiful rose. The coloring is a yellow cadmium toning to sunflower yellow. Altogether the most remarkable variety among modern roses. Gold Medal N.R.S., also A.N.R.S. at Philadelphia. 50c each.

Gorgeous (H. T.)—Flowers large and full and exquisitely formed of an amber-yellow, veined with reddish copper, a novel and striking color; of strong, vigorous habit. 50c each.

Hadley (H. T.)—Excellent, dark velvety crimson variety with long stems, carrying flowers well above the foliage. Very fragrant. 50c each.

Hoosier Beauty (H. T.)—One of the grandest red roses, of an extremely rich velvety crimson color which does not shade into maroon. A heavy bloomer of strong, upright growth. 50c each.

Hugh Dickson (H. P.)—A vigorous grower, with handsome foliage, sending up strong vigorous canes surmounted with blooms of a brilliant crimson shaded scarlet. 50c each.

Independence Day (H. T.)—Flame tints overlying a bright apricot color, blooms carried on erect stems, exceedingly free flowering with mildew-proof foliage. 50c each.

Irish Elegance—A single rose, beautiful in bud; color, apricot shading to bronze at base of petals. 50c each.

Irish Fireflame—A beautiful single rose, bearing its flowers in clusters of five or more; buds are a rich, deep orange flushed with crimson, opening to a large single flower of an old gold color. Awarded gold medal. 50c each.

Isobel—A fine new single rose, carmine-red, flushed orange-scarlet, large petals, very free flowering. 50c each.

Juliet (H. P.)—A distinct variety with large, perfect flowers. The outside of the petals is gold and the interior rich rosy red, changing to deep rose; very fragrant. 40c each.

J. L. Mock—Giant imperial pink, the outside of the petals silvery white. 50c each.

Kaiserin Augusta Victoria (H. T.)—This beautiful rose blooms continuously. It is pure white and its petals are large and of the very best substance. 40c each.

K. of K.—Kitchener of Khartum (H. T.)—Flower of absolutely pure intense scarlet color, its huge petals are velvet sheened, solid scarlet throughout, semi-single. The blooms are produced in great profusion throughout the season, and are deliciously perfumed. A rose of marvelous beauty and distinctness, and one that will hold the highest place of admiration wherever it is grown. 40c each.

Lady Hillingdon (T.)—A grand rose for garden decorations. Blooms continuously; buds very long, with a most pleasing shade of orange yellow. 40c each.

Lady Pirrie (H. T.)—Deep coppery reddish salmon, inside of petals apricot-yellow, flushed fawn and copper. 50c each.

La France (H. T.)—Silvery pink; one of the finest of roses; the color is a most lovely rose, with silvery luster it is a constant bloomer, and very sweet-scented. 40c each.

Los Angeles (H. T.)—A very vigorous grower and continuous bloomer, producing long stemmed, fragrant flowers of a brilliant flame-pink shading to coral and gold at the base of the petals; buds long and pointed. 40c each.

Louise Catherine Breslau (H. T.)—The buds are coral-red shaded with chrome-yellow, while the expanded flowers, which are very large, are shrimp-pink shaded coppery-orange and chrome yellow. 50c each.

Mad. Butterfly (H. T.)—Long buds, beautifully shaped blossoms, bright pink suffused apricot and gold; a free bloomer and erect grower. A sport of Ophelia. 40c each.

Mme. Edouard Herriot, the Daily Mail Rose (H. T.)—The buds which are long and pointed are coral-red, shaded yellow at base; the open flowers of medium size and semi-double are a beautiful coral-red, shaded with yellow and bright rosy scarlet. A vigorous grower. 40c each.

Maman Cochet (T.)—Rosy pink. A vigorous grower, with beautiful foliage; the bud is long and pointed borne on long stiff stems. 40c each.

Hardy Everblooming Bush Roses (Continued)

(ALL ROSES POSTPAID)

OPHELIA

Moss Roses—Old fashioned favorites, sweetly scented. Pink or Red. 50c each.

Mrs. Ambrose Riccardo (H. T.)—Varying in color from a deep honey-yellow, with soft but glowing rosy-suffusion to a soft saffron yellow; of great size, the largest of its type. A magnificent, delightfully fragrant rose, and remarkably free flowering. 50c each.

Mrs. Wm. C. Egan (H. T.)—A beautiful soft shade of light pink shading to flesh; buds are of perfect shape and last unusually long after cutting; vigorous grower. 50c each.

Mrs. S. K. Rindge—Rich chrome yellow, suffused soft pink. Long pointed buds. 50c each.

Ophelia (H. T.)—Since its introduction several years ago, it has been growing steadily in public favor. It is a heavy grower and produces flowers in abundance. In color it is salmon pink shaded, rose and yellow at the base of petals. A splendid variety for outdoor culture. 40c each.

Padre (H. T.)—A most novel and attractive coloring, with fine long petals of coppery scarlet flushed with yellow at the base; an exceedingly free flowering sort of strong upright growth. 40c each.

Papa Gontier (T.)—A magnificent bold flower; finely formed buds; color brilliant carmine, changing to rose and lilac; delightfully fragrant, and is the most popular rose of its color. 40c each.

Paul Neyron (H. T.)—This rose produces the largest of all rose blooms. In color bright salmon pink, very clear, and double; highly scented. 40c each.

Premier Supreme (H. P.)—An improved Premier, resistant to disease. Very long bud, high centered blossom. Deep rose pink, long erect stems. Very fragrant. 50c each.

Radiance (H. T.)—Very free flowering habit and a strong grower. The flowers are a beautiful blending of shades of carmine rose with opal and carmine reflected, and is very fragrant. 40c each.

Red Radiance—The same as Radiance except it is a beautiful shade of red and very fragrant. 40c each.

Rose Marie (H. T.)—Beautiful long buds and well formed flowers of a clear rose-pink; very fragrant. 50c each.

Shot Silk (H. T.)—Its brilliant color is hard to describe; sort of an orange-cerise suffused with gold. Buds and flowers of medium size, very fragrant and produced freely. 50c each.

Souvenir de Claudius Pernet—A new, clear yellow rose which has made a tremendous sensation because of its practically unfading color and excellent habit of growth. The outer petals sometimes bleach a trifle, but the flower is sunflower yellow until it drops. Bloom is of large size and perfectly formed; foliage is extraordinarily dark, glossy, and fairly resistant to disease. Growth vigorous. 50c each.

Sunburst (H. T.)—Few roses have so many favorable points all combined in one plant. Its bronzy foliage, its long pointed, orange-yellow buds, becoming deeper towards the center, carried on long stiff stems place it in the front rank among the yellow roses. 50c each.

Sunstar (H. T.)—An attractive novelty of variable coloring, usually lemon-yellow, every petal edged, veined and splashed with rose and vermilion. Buds are long and elegant. 50c each.

Miss Lolita Armour (H. T.)

—The color of this fine rose is absolutely distinct from all others. The flowers are large and full with petals of great substance and sweetly scented. As the flowers expand they develop to a deep coral red with a golden coppery red suffusion. A vigorous grower and free bloomer. 40c each.

Mrs. Aaron Ward (H. T.)

—Long buds borne on erect stems; flowers large; Indian yellow, suffused with salmon-rose. 40c each.

Mrs. Chas. Russell—This

is a strong, healthy grower, the blooms are large, full, having a beautiful shade of rosy pink. A splendid variety for garden planting. 40c each.

Hardy Everblooming Bush Roses (Continued)

Ulrich Brunner (H. P.)—Brilliant cherry red. Flowers fine form and finish, carried well upon the plant. Petals of great substance. A very valuable rose. 40c each.

Willowmere—Large full blossoms; coral red, shaded shrimp pink. 50c each.

Wm. F. Dreer (H. T.)—On account of unusual color of the bud and bloom makes the rose one of the most attractive of the new varieties. The color is one so hard to accurately describe that one has to see it in order to conceive its beauty. Soft apricot pink deepening on outside to a salmon pink which produces a charming effect. Profuse bloomer and good grower. 40c each.

Select List of Hardy Climbing Roses

(ALL ROSES POSTPAID)

Note—Climbing roses are now being used for covering banks and steep terraces. By pegging them down roses of this type make beautiful ground covers. We can supply them in large quantities at very reasonable prices. Write if interested.

Allen Chandler—Vivid scarlet. Nearly single. Carried in clusters of three to four blooms. This is the finest and most effective pillar rose we have, flowering very early, and late. Has been awarded the National Rose Society's Gold Medal; also the "Cory Cup" as the best English-raised climber. Very vigorous. 75c each.

American Pillar—Single pink with white eye. 35c each.

Banksia White—A thornless climbing rose, with glossy evergreen foliage. The flowers are small but bloom in great profusion in Spring and early Summer. 40c each.

Banksia Yellow—Deep yellow blossoms. 40c each.

Beauty of Glazenwood (San Rafael Rose, Fortune's Yellow)—A vigorous fast climber, sending forth a mass of bloom in early Spring, being a combination of copper, carmine and salmon-yellow. 40c each.

Belle of Portugal—A vigorous climber, soft salmon pink of large size. 50c each.

Black Boy (Clg. H. T.)—An Australian rose that is becoming very popular. Dark red blossoms, fairly double and slightly fragrant. Extremely vigorous grower. 50c each.

Cherokee Pink—A beautiful single rose of a delicate clear pink color. A vigorous climber with glossy foliage. 40c each.

Cherokee Red or Ramona—A very rapid climbing rose with rich glossy foliage. The flowers are single and large and of a deep rosy carmine with yellow stamens. 40c each.

Climbing Golden Emblem—This new climber is of vigorous, rampant growth with enormous heavy canes six and eight feet long produced in one growing season. In addition to its strong climbing habit it produces great quantities of the same highly colored buds and flowers so much admired in the bush variety. 75c each.

Climbing Mme. Butterfly (H. T.)—Light pink suffused apricot and gold; large good shaped flowers. Free bloomer and vigorous climber. 50c each.

Climbing Columba (H. T.)—Lively, bright pink, sweetly scented flowers of exquisite shape and strong, stiff petals, deepening in color as they expand. Free flowering, good growth, and healthy foliage. 50c each.

Climbing Hadley (H. T.)—A vigorous climber with deep crimson, fragrant blossoms which are produced all through the summer. 50c each.

Climbing Kalserin Augusta Victoria—Hybrid Tea. White, faintly suffused lemon yellow. Identical with "Kaiserin" except in vigorous climbing habit. 50c.

Climbing Lady Hillingdon—Beautiful apricot yellow, very popular. 50c each.

Climbing Los Angeles—Another popular climber. Same as the bush variety in color. 50c each.

Climbing Mrs. Aaron Ward—Indian yellow suffused salmon. 40c each.

Select List of Hardy Climbing Roses

Continued

Climbing Mme. Ed. Herriot (Daily Mail)—A very vigorous climbing sport of this great favorite. Flowers are the same as the bush variety. There was such a demand for this rose last season we sold out in thirty days. Order early as stock is limited. 50c each.

Climbing American Beauty—A climber of this well known sort. 50c each.

Climbing Caroline Test-out — Beautiful clear pink. 40c each.

Climbing Cecil Brunner —The climbing pink baby rose. 40c each.

Climbing Frau Karl Druschki — The finest white rose. 50c each.

Climbing Hoosier Beauty —Beautiful rich crimson. 50c each.

Climbing Gen. McArthur —Large, deep red, very fragrant. 50c each.

Climbing Papa Gontier—Hardy grower, cherry red. 50c each.

Climbing Sunburst — Beautiful cadmium yellow. 50c each.

Climbing Yellow Cecil Brunner — Similar to the popular baby rose but a beautiful shade of golden yellow. 50c each.

Climb. Los Angeles

Climbing Ophelia (H. T.)—A climbing sport of one of the most popular varieties known. Identical except in habit. 50c each.

Climbing Rose Marie (Clg. H. T.)—A charming new climbing rose that is unusually vigorous. Its abundance of deep rose-pink blooms with their perfect form and thick crisp petals makes it a very valuable addition to the list of ever-blooming climbers. 50c each.

Climbing Souvenir de Claudius Pernet (Clg. H. T.)—This climbing sport of this beautiful yellow rose will make a fine subject as a climber or pillar rose and we believe will prove hardy with protection. 75c each.

Climbing Sunstar (H. T.)—A climbing sport of the wonderfully colored Sunstar. Should do well on the Pacific Coast and become one of our most brilliantly colored climbers. 50c each.

Crimson Rambler—Large clusters of bright crimson flowers. 35c each.

Dorothy Perkins—Shell pink borne in clusters. 35c each.

Dr. W. Van Fleet (Wich.)—A strong vigorous climbing rose of a delicate flesh pink. 35c each.

Jacotte (HW.)—A new hardy climber with the sensational coloring found in many of the new bush roses—coppery salmon, tinted red and yellow. A strong grower with beautiful glossy, holly-like foliage. 75c each.

Marechal Niel (N.)—A beautiful deep yellow rose; large globular, sweet scented; a good pillar rose. 40c each.

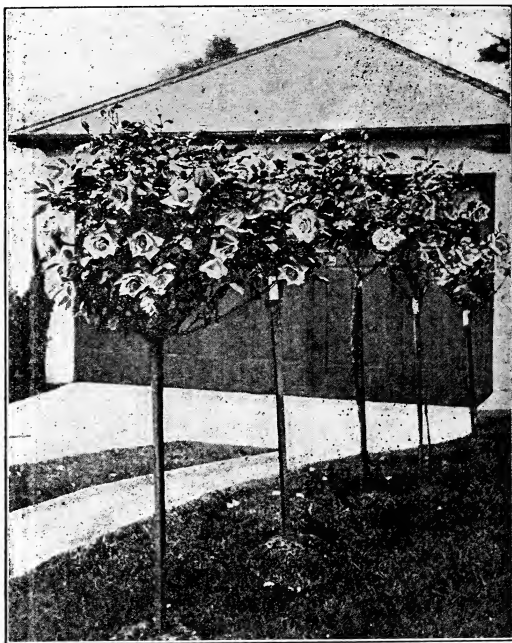

Nora Cunningham (H. T.)—A very fine climber recently introduced from Australia, with large semi-double flowers of a clear brilliant pink; quite different from any other climber in our list and exceedingly decorative for pillars or trellises. It is an ever-bloomer with its greatest show of flowers in the spring but with recurrent blooms all through the summer and fall. 75c each.

Paul's Scarlet—Semi-double, bright crimson. Fine in foggy districts. 40c each.

Silver Moon—Hybrid Wichuraiana. One of the most satisfactory and indispensable climbing roses. This extraordinary climber is covered with rich dark green foliage, a fitting background for the large semi-double white and creamy flowers, often 4 inches in diameter, that are borne in great profusion. 40c each.

Tausendschoen—A fast-climbing rambler; the semi-double soft pink flowers are 3 inches across and are produced in clusters of from 10 to 15 flowers. 35c each.

STANDARD OR TREE ROSES

Tree Roses \$2⁰⁰ each

The stately Tree Roses with their symmetrical globular heads are of great beauty, making very imposing plants for lawn or plant borders. We offer these in the **HARDY EVERBLOOMING** class. We call special attention to our up-to-date collection of Standard Roses which we consider the finest lot ever offered in San Francisco. The quality is of the highest. Strong well branched trees, 4 to 5 ft. high on stout stems. These are too large to go by parcel post and must go by express collect.

Angele Pernet—Rich flaming orange.

Dame Edith Helen—Beautiful glowing pink.

F. K.—Druschki—Large pure white.

Gen. McArthur—Deep crimson scarlet.

Golden Emblem—Finest yellow.

Hadley—Long pointed buds, deep velvety crimson.

Hoosier Beauty—Very fragrant, dark crimson scarlet.

Irish Elegance—Long pointed buds copper shade opening single.

Isobel—Single carmine-red and orange.

Los Angeles—Flame pink shaded coral and gold. Very popular.

Mad Ed. Herriot (The Daily Mail)—Long pointed buds coral red shaded copper.

Ophelia—Hardy salmon pink shaded rose and gold.

Padre—Long buds coppery scarlet, flushed yellow, very fine.

Queen Alexandra—Vermillion and gold.

Rose Marie—Beautiful rose pink.

Shot Silk—Orange-cerise and gold.

Souv. de Claudius Pernet—Deep Sunflower yellow, one of the finest.

Sunburst—Large golden yellow.

Talisman—Vivid orange and red.

Wilhelm Kordes—Gold, copper and red tints.

OUTSTANDING ROSE OFFER

Six Most Famous Everblooming Roses

The varieties you see in the florists' windows all over the U. S. They are the pick of experienced florists. Why not you? Every one is a strong two-year-old bush that will bloom profusely this year. All grafted stock, field grown.

We found thousands of these collections last year and received many testimonials on this wonderful collection of roses. Order these just as soon as this book reaches you.

Talisman—America's newest rose. Long pointed buds, outside of petals gold, inside coppery crimson. Very fragrant. 75c each.

Briarcliff—Very fragrant, clear pink, long buds. 60c each.

Golden Emblem—Most beautiful golden yellow. 50c each.

Hadley—Very dark crimson, strong grower, very fragrant. 50c each.

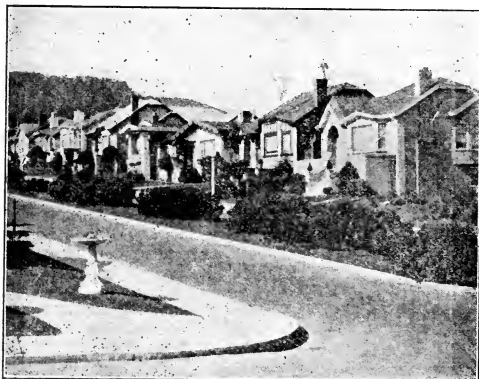

Pres. Herbert Hoover—(New) Charming combination of cerise, flame and scarlet. \$1.00 each.

Queen Alexandra—Intense vermillion, deeply shaded old gold on reverse of petals. 50c each.

Special The above Six Everblooming Roses, postpaid for only **\$2.90**

ALL PROPERLY LABELED

Note—Should you desire to substitute any other roses on our list for any of the above, you are privileged to do so.

Our Special Bungalow Collection of Hardy Evergreen and Flowering Shrubs

Anyone owning their own home can make use of this wonderful collection of Hardy Shrubs which we are offering at a remarkably low price. All are pot grown plants, and average about 10 to 15 inches high. In one season these plants will produce beautiful specimen shrubs that will add greatly to the beauty and value of your home. Here is an opportunity to take care of that vacant space you have been planning to fill up.

Twelve different varieties, no two alike, such as Veronica, Coprosma, Euonymus, Golden Privet, etc., Our selection.

The twelve beautiful shrubs postpaid to your address, for only

\$1 75

(Properly packed—safe arrival guaranteed.)

Larger Shrubs Well Branched from 4 to 5 inch pots, one to two feet tall, twelve different varieties. Special \$4.50 delivered.

Hardy Evergreen and Deciduous Trees and Shrubs

Transportation charges on Evergreen Trees and Shrubs are to be paid by customer, except where marked postpaid.

Please give name of express and freight offices where they differ from postoffice.

Those Plants with a Star (*) before the names are deciduous. *Abelia Grandiflora*—A very showy evergreen shrub, producing its white flowers in great profusion for a long period. 75c, \$1.00 and \$1.50 each according to size.

ACACIA

There are several varieties of Acacias, all of which are natives of Australia and very hardy. Some sorts are very rapid growers, and make fine trees which may be used for single specimens, street or avenue planting; others form large spreading bushes which may be used for grouping. Most of them bloom, some commencing very early in the year.

Acacia Armata (Kangaroo Thorn)—A spreading shrub with long slender branches. Small deep green leaves with a small sharp thorn at each leaf; flowers light yellow, borne all along the branches; blooms in February. 50c; 75c each.

Acacia Latifolia—Used extensively in Golden Gate Park for wind breaks and is also a valuable hedge plant; leaves are long and flowers golden yellow. 75c and \$1.00 each.

Acacia Melanoxylon (Blackwood Tree)—Valuable for sidewalks or avenue trees; it has few equals, being of very rapid growth, and it can be trimmed so as to make beautiful specimens. 75c, \$1.00, \$1.50 each.

Acacia Mollissima—A fine, erect-growing tree, with dark green, feathery foliage; flowers yellow, produced in early spring in great profusion; a rapid-growing tree; pots. \$1.00 and \$1.50 each.

Acacia Baileyana—Very ornamental tree, with bluish green feathery foliage and covered in the early Spring with racemes of yellow flowers. Pot grown. \$1.00 and \$1.50 each.

Aralia—Japanese, glossy foliage, resembling fig leaves. 75c, \$1.00 and \$1.50 each.

Aucuba Japonica—"Gold-dust tree." Very fine for shady places. 6-inch pots. \$1.00 each.

Arbutus (Strawberry Tree)—A moderate sized shrub, with clean, attractive foliage. White flowers appear in winter months and with them the large, red, strawberry-like fruits of the previous season. 75c, \$1.00 and \$1.50 each.

Azaleas—See page 42.

Banana Palm—See page 23.

Berberis Darwinii—A very handsome evergreen shrub, with small glossy foliage; flowers in clusters of a deep yellow. 40c, 60c, \$1.00 and \$1.50 each.

Berberis Wilsonae—Dwarf habit with long spines. Red berries in the winter. 75c, \$1.00, \$1.50 each.

**Birch*—European, 6 to 8 ft., bare roots. \$1.50 each.

**Birch*—Cut-leaf weeping, 5 to 6 ft., bare roots. \$2.00 each.

Bouvardia—See page 42.

Boxwood

Boxwood or Buxus

Ornamental evergreen shrubs with shining leaves, of dense but rather slow growth. Some sorts are used for bordering, some for hedging, and others as single specimens on lawns, or pot plants for stairs, etc.

Box, Dwarf, Suffruticosa—A fine small bush, with glossy, roundish leaves. The variety so extensively used for edging. Strong, well rooted. 85c doz., \$6.00 per 100.

Round Boxwood—These are pruned up globular shaped. Fine for entrances or steps. \$2.00, \$3.00 and \$5.00 each.

Pyramid Boxwood—These are pruned up in a pyramid shape. Also used for entrances or steps. \$2.00, \$3.00, \$4.00 and \$5.00 each.

Broom, Andrenna—Yellow and brown flowers, 75c and \$1.00 each.

Broom, Scotch—50c and 75c each.

Broom, Spanish—40c, 60c and 75c each.

Buddleia—Commonly known as the Butterfly Bush or Summer Lilac. Large evergreen shrubs attaining a height of 10 to 15 feet, producing panicles or clusters of flowers in great profusion all Summer. They thrive best in a well-drained soil and sunny situation. Blue, 25c, 50c, 75c and \$1.00 each. Orange, 50c and 75c each.

Hardy Evergreen and Deciduous Trees and Shrubs

(Continued)

- Bamboo Aurea**—Slender growing, of dense form and medium height; soft light green leaves; golden yellow canes. Clumps. \$1.50 each and \$2.00 each.
- Camelia**—See page 42.
- Cedrus Deodora**—Branches are drooping, with silvery-green foliage; fine for planting in a large lawn. Balled, 3 to 3½ feet, \$3.00 each. Balled, 4 to 4½ feet, \$4.00 each. Balled, 5 feet, \$4.50 each. Balled, 6 feet, \$6.00 each.
- Choisya Ternata**—"Mexican Orange." A medium-sized growing shrub with glossy foliage; flowers pure white; delightfully fragrant, pots, 75c, \$1.00 each; balled, \$1.50 each.
- Coprosma Baueriana**—Foliage of this lovely shrub as though varnished, succeeds well in windy, exposed situations. Pots, 25c, 50c, 75c and \$1.00 each. Postpaid.
- Coprosma Baueriana Variegata**—A beautiful variegated form of the preceding. Pots, 75c and \$1.00 each.
- *Corchorus or Kerria Japonica**—Double yellow, rose-like blossoms. 75c each. Postpaid.
- Cotoneaster Horizontalis**—A beautiful variety, of low-spreading growth; berries very profuse. 35c, 50c, 75c, \$1.00 and \$1.50 each.
- Cotoneaster Francheti**—A fast-growing sort of upright and spreading habit; berries very freely; orange colored. 35c, 60c, 75c, \$1.00 and \$1.50.
- Cotoneaster Microphylla**—A small-leaved variety of low, spreading habit; much used in making up shrubbery; berries red. 50c, 75c, \$1.00 each.
- Cottoneaster Pannosa**—A fine shrub of upright growth 10 feet tall. Branches long, slender and slightly arching, leaves deep green and covered with silvery down beneath, covered with vermilion red berries in the Fall. 35c, 60c, 75c, \$1.00, \$2.00.
- *Crape Myrtle**—Pink and crimson, \$1.00 each.
- Crataegus Angustifolia**—Spreading growth, sometimes spiny; 8 feet tall; leaves long and narrow, green above and gray beneath. Loaded with flattened orange-yellow berries throughout the Winter. 35c, 75c, \$1.00 and \$1.50 each. Postpaid.
- Crataegus Crenulata**—An evergreen species of the Hawthorn family. Is of dwarfish habit, with glossy foliage, and has berries of a bright scarlet color about the size of a pea. Potted. 60c, \$1.00 and \$1.50 each.
- Crataegus Yunnanensis**—Berries coral colored. 35c, 75c and \$1.00 each.
- Chorizema**—An attractive spring flowering shrub, with slender, drooping branches, orange-red, pea-shaped flowers in loose racemes, and holly-like leaves. Native of Australia, 3 feet high. Pot grown, 50c each and 75c each. Postpaid.
- Cryptomeria Elegans**—A low dense tree with horizontal branches and pendulous branchlets. The foliage turns bronzy crimson in the fall and retains this tint throughout the winter. \$3.00 and \$4.00 each.
- Cistus**—Pink rock rose. 75c each. Postpaid.
- Cypress—Monterey**—A native of California, and one of the most desirable of evergreens; stands pruning very well; very extensively planted for hedges. Transplanted in flats, \$4.00 per flat. Pot grown, 25c each; 60c each; Balled, 50c each, \$1.50 and \$2.50 each.
- Cypress—Italian**—Of upright, pyramidal growth; very much used in landscaping, being particularly adapted for such work. Potted 3 ft. \$1.00 each. Balled 4 to 5 ft., \$2.50; 5 to 6 ft., \$3.00; 6 to 7 ft., \$4.00; 7 to 8 ft., \$5.00; 8 to 10 ft., \$6.00 each.
- Cypress Lawson**—Beautiful tree, semi-drooping habit. Easily grown. \$2.50, \$5.00 and \$7.50 each.
- Cypress (Blue Lawson)**—Balled. 3 ft., \$3.00 each; 3½ ft., \$4.00 each; 4 ft., \$5.00 each; 6 ft., \$6.50 each.
- Daphne**—See page 42.
- *Deutzia**—Double pink flowering. 75c each.
- Diosma, Alba (Breath of Heaven)**—White star-shaped flowers in great numbers. The foliage, when bruised, emits a sweet fragrance. 50c, 75c and \$1.00 each. Postpaid.
- Erica**—French long tubed varieties, rose or crimson. \$1.00 and \$1.50 each. Postpaid.
- Erica Melanthera**—Splendid winter blooming variety; flowers rose colored, 25c, 75c, \$1.00 and \$1.50 each. Postpaid.
- Erica Persoluta Alba**—Flowers white. 75c and \$1.00 each.
- Erica Red Melanthera**—New reddish purple shade. \$1.00, \$1.50 Postpaid.
- Erica Regerminans**—New rose shade, 75c, \$1.00 and \$1.50 each. Postpaid.
- Escallonia, Red**—25c, 75c and \$1.00 each. Postpaid.
- Escallonia, Pink**—Hardy, quick-growing evergreen shrub; blooms continuously. 35c, 75c and \$1.00 each. Postpaid.
- Escallonia, White**—\$1.00 each.
- Euonymus Duc d'Anjou**—Foliage prettily marked, golden yellow in center of leaf. 25c, 75c, \$1.00 and \$1.50 each. Postpaid.
- Euonymus Silver**—Same as above, but with silver markings. 35c, 75c and \$1.00 each. Postpaid.

Hardy Evergreen and Deciduous

Trees and Shrubs (Continued)

Eucalyptus—Ficifolia, Scarlet-flowering Gum.—A beautiful sort; bearing lovely scarlet flowers, thick leathery leaves; hardy only in warmer sections. Pot grown, \$1.00 and \$1.25 each.

Eucalyptus—Globulus. Tasmanian Blue Gum—Transplanted in flats. \$3.50 per 100; pot grown, 35c and 50c each.

Eugenia Myrtifolia—Tall shrub of compact growth, growing 15 feet tall; leaves are glossy green when fully developed, but have reddish tints on new growth; creamy white flowers followed by violet or purple berries, 75c, \$1.00, \$2.50, \$3.50 and \$6.00 each.

***Forsythia Suspensa (Golden Bell)**—Tall, slender, drooping growth with golden-yellow blossoms in clusters. Blooms in early Spring. 60c and 75c each. Postpaid.

Genista Racemosus—This variety produces very lovely yellow blossoms in great profusion; foliage lace-like; of dwarf habit. 35, 50c, 75c and \$1.00 each. Postpaid.

Grevillea Robusta (Australian Silk Oak)—Pot grown, 3½ feet, \$1.00 each.

Grevillea Thelemanneana—A lovely dwarf Australian shrub with fine needle-like foliage and distinct bright red flowers; very beautiful when in bloom and requires very little water, 5-inch pots, 75c each.

***Hawthorn**—These small trees are well adapted for lawns and for grouping. The small flowers come in clusters, and are followed by red berries in the Autumn; a good spreading tree with lustrous green leaves.

Double Scarlet—Bare roots, 6 to 8 ft., \$1.50 and \$2.00 each.

Double White—Bare roots, 6 to 8 ft., \$1.50 and \$2.00 each.

Heath, Mediterranean—This variety is most desirable; it produces its small wax-like flowers in wonderful profusion. Balled, 75c, \$1.00 and \$1.50 each.

Hydrangea, French Improved—This plant is a most satisfactory one, blooming as it does for such a long period: they succeed admirably when planted in a shady place in the garden. 25c, 50c, 75c \$1.00 and \$1.50 each. Postpaid.

***Hydrangea Panicula Grandiflora**—Pure white spike-shaped blossoms. 2-2½ ft. 75c each. Postpaid 85c.

Holly English (Grafted stock)—Specimen trees with berries. \$5.00, \$7.50, \$10.00, \$15.00, \$25.00 each.

Hypericum Moserianum—Of shrubby growth; flowers single yellow. 35c, 50c and \$1.00 each.

Juniper Procumbens (Japanese Creeping Juniper)—A prostrate creeping variety with dense compact blue-green foliage. Fine for rockeries, borders or ground cover. \$2.50 and \$3.50 each.

Juniper Communis Hibernica (Irish Juniper)—Distinct and beautiful, of a slender, erect, dense columnar growth; foliage very glaucous. Fine for using near columns and doorways where great height is not desired. Balled, 4 feet, \$4.00 each.

Juniper Excelsa Stricta (Upright Juniper)—A handsome compact shrub, wide at base and tapering at the top; color silvery gray green, of great merit in coniferous groupings owing to color and habit. Balled, \$2.50 and \$3.50 each.

***Laburnum Vulgare (Golden Chain)**—A small-growing tree with long drooping racemes of fragrant yellow blossoms. \$1.75 each.

Lasiandra—Rare shrub with deep purple blossoms. 75c each.

Laurustinus—A well known winter flowering shrub of great beauty, producing an abundance of white flowers; well adapted for hedges. Balled, 75c and \$1.00 each.

***Lemon Verbena**—The fragrance from the foliage of this old favorite is delightfully refreshing. 50c and 75c each. Postpaid.

Leptospermum Laevigatum—An evergreen shrub adapted for windy places. 4-inch pots, 40c and 60c each.

Leptospermum Nicholli—Bushy shrub with small bronze colored leaves, covered in Spring with minute dark crimson flowers. Thrives best along the sea coast. 60c each.

Leonotis Leonurus (Lion's Tail)—Pot grown, 35c and 50c each. Postpaid.

***Locust**—Pink flowering. \$1.50 to \$5.00 each.

Magnolia Grandiflora—\$1.50, \$2.50, \$3.50 each.

Mahonia Aquifolia, "Oregon Grape."—Foliage dark and glossy, beautifully formed. Balled, \$1.50 each.

***Maple (Norway)**—Fine stately shade trees with broad cut foliage. \$1.75 and \$2.50 each.

***Mock Orange**—75c each. Postpaid.

***Mountain Ash**—Beautiful trees, producing bright red berries. 3 year old trees. \$1.50 each.

Myrtle, Single White—Balled, 40c and 75c each.

Nandina Domestica—A very handsome shrub of moderate size and rather slow growth, 6 feet tall. The leaves are much divided, with rather large leaflets, light green in Summer, turning to a vivid red during the Fall and Winter. The white flowers are small in good-sized, erect panicles followed by bright crimson berries. \$1.00, \$1.50 and \$2.00 each.

New Zealand Flax—Variegated, \$1.50, \$2.50 and \$3.50 each.

Oleander—Pink and red. 75c and \$1.00 each.

Pine, Monterey—4-inch pots, 40c each; balled, 4 ft., \$2.00 each.

Privet Ovalifolium (California Privet.) A valuable hedge plant. Naked roots, 2 to 3 feet well branched, 15c each; \$1.00 for 10; \$7.50 per 100.

Hardy Evergreen and Deciduous Trees and Shrubs

(Continued)

- Golden Privet**—Pot grown, 25c, 75c, \$1.00 and \$1.50 each. Postpaid.
Pepper Tree—75c each and \$1.50 each.
Pittosporum Crassifolium—Valuable for windbreaks, leaves downy, dark green above and silvery beneath, flowers wine colored. 75c each.
Pittosporum Eugenioides—A large, upright-growing shrub, with glossy, yellowish green leaves; a very effective shrub and excellent for hedges. Potted, 25c, 50c and 75c each.
Pittosporum Nigricans—A very handsome upright growing shrub with silvery light green leaves and black stems; a good, hedge plant and very ornamental as an individual. Potted, 50c, 75c and \$1.00 each.
Plimelia Decusata—A much branched little shrub with small leaves, closely surrounding the branches. Flowers beautiful rosy-pink, crowded in heads at the end of the shoots. Grows 3 feet high. Pot grown, 60c and \$1.00 each.

FRENCH GRAFTED LILACS

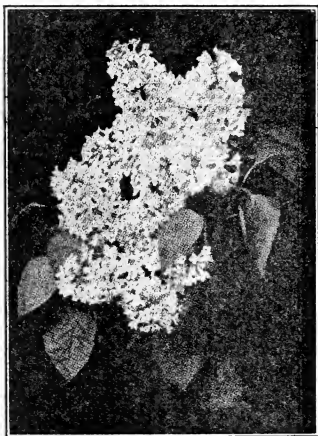

(New and Improved Varieties)

Beautiful Spring-flowering shrubs, flowers come in large drooping clusters and are very fragrant. Immediately after blooming they should be pruned, as the flowers are always on the old wood. Grafted varieties will usually bloom the first year.

Charles Sargent—Violet mauve tinted azure. Both flowers and clusters are of enormous size. A magnificent variety. Grafted, bare roots \$1.25 each. Postpaid.

Dr. Lindley—Bright violet purple. Buds are red. A beautiful variety. Grafted, bare roots. \$1.25 each. Postpaid.

Edmond Boissier—Very dark purple. Very large blossoms in long slender clusters. Particularly recommended for its

dark color. Grafted, bare roots, \$1.25 each. Postpaid.

Victor Lemoine—Mauve becoming flesh pink with age. Color entirely distinct, individual blossoms of very large size. Grafted, bare roots, \$1.25 each. Postpaid.

Marie LeGraye—Pure white. Both blossoms and clusters are enormous, suggesting white Hyacinths. The best white, grafted, bare roots. \$1.25 each. Postpaid.

Jean Mace—Mauve changing to blue. A new Hybrid which flowers early. Very free flowering and deliciously fragrant. Grafted, bare roots. \$1.25 each. Postpaid.

Polygala Dalmatiana—A profuse flowering shrub, with purple pea-blossom-shaped flowers, and pretty light green foliage. 60c and \$1.00 each.

***Poplar—Carolina**, bare roots. \$1.00 each.

***Poplar—Lombardy**, bare roots. \$1.00 each.

***Sycamore—European**, bare roots. \$1.50 each.

Photinia—Arbutifolia (Christmas, or Toyon Berry)—A native evergreen shrub loaded with brilliant red berries in the winter. 60c, 75c and \$1.00 each. Postpaid.

Prunus Illicifolia—Calif. Wild Cherry—Glossy holly-like foliage. 40c each.

Raphiolepis Ovata—\$1.00 each.

Rhododendron—See page 42.

Retinospora Pisifera Aurea—Of fairly rapid growth with a narrow pyramidal rather loosely branched head; the horizontal branches are more or less ascending at the extremities; foliage golden-yellow. 3 feet specimens, \$3.50 each.

Sequoia Sempervirens—Calif. Redwood. 75c and \$1.50 each.

***Snowball**—This well known shrub is known to nearly everyone; white flowers in great profusion in May and June. \$1.00 each. Postpaid.

Hardy Evergreen and Deciduous Trees and Shrubs

(CONTINUED)

- ***Snowberry**—Beautiful pink blossoms followed by white berries. Large plants. 75c each. Postpaid.
- ***Spiraea A. Waterer**—Crimson flowers. 75c each. Postpaid.

MISCELLANEOUS HARDY PLANTS

CHRYSANTHEMUMS

Set out the plants about 2 feet apart in well fertilized ground. After the young plants have grown 12 inches pinch them back about 4 inches, then each plant will send out from 3 to 4 stems. Keep the ground well cultivated and fertilized often. As soon as the buds appear on the stems, let the largest remain and pinch off all others.

(Plants ready about May 1st)

White Turner—Largest pure white.

Yellow Turner—Bright canary yellow.

Well's Pink—Late flowering, large clear pink.

GIANT CHRYSANTHEMUM

Major Bonnafon—Bright yellow with incurved petals.

Pink Chieftain—Incurved satiny pink.

Smith's Bronze—Giant bronze.

Chrysolora—Fine deep yellow.

Pook's Crimson—Crimson and gold.

White Chieftain—Giant white incurved.

Wm. H. Waite—Deep bronze shading to scarlet.

15c Each, \$1.50 Dozen. postpaid.

HARDY FLOWERING AND BEDDING PLANTS

Grown from the highest grade seed obtainable.

We grow most of the popular flowering and ornamental plants from seed in boxes for our spring trade. Anyone can have a successful garden with the least amount of care at a saving of considerable time from these small plants, which are generally 4 to 6 ins. high at time of sale—February to June. We carry certain flowering plants all year round. If interested, get in touch with us.

The bedding plants offered below are all in flats and do not always contain the same number of plants. We sell the flats as they come from the nursery. Some contain 100 and some less. The price on all flats are the same—\$2.00 per flat.

CALENDULA ORANGE KING

Hardy Flowering and Bedding Plants (Continued) ANNUALS

Plants are furnished during months marked after each variety.

Comprise some of our most popular cutting and bedding flowers. All are very free flowering and satisfactory. Be sure to order from this list if you want quick returns.

FLOWERING BULB DEPARTMENT

Sunset Seed and Nursery Company's Highest Quality Imported Dutch Bulbs

Our bulbs have produced blossoms which have been awarded first prizes at flower shows in many sections of the country. We aim to procure the best stock obtainable and import large quantities from foreign specialists. Never before have the prices of high grade bulbs been so reasonable. Anyone can now afford to plant bulbs in quantity and have a riot of color in the garden. A comparison of Hyacinth prices at \$1.00 per dozen this year as against \$1.50 a dozen last year is a good example of the savings effected.

How to Grow Our Bulbs Successfully Outdoors

Bulbs are offered during the Fall months and planting should be done early to insure the finest long stemmed sturdy flowers. However, very good results and successive blooms can be had by later planting.

Plant bulbs, as a rule, so that there is earth over them to their own depth. Small bulbs, such as Freesias, Crocus, Ranunculus, Spanish Iris, etc., should be set about 3 to 4 inches apart. Tulips, Anemones, Jonquils, from 6 to 7 inches apart. Hyacinths, Daffodils and Narcissus about 7 to 9 inches apart.

Always plant bulbs in a well drained location. They will do well in most any soil. A dressing of pulverized sheep manure or Bone Meal will help to produce long stems and beautiful flowers.

HYACINTHS

Prize Winning Imported Dutch Hyacinths

(Plant from October to January)

Hyacinths are very easy to grow, and can be grown in many different ways, out of doors, in pots, or fancy jardinières with Bulb Fibre, or in Hyacinth Glasses with water. For outdoor growing care should be taken that ground is well forked over with a good supply of Manure. Set the Bulbs from four to five inches deep and seven or eight inches apart. Most planters

make a mistake of planting nearly all Bulbs too shallow, causing the top growth to sprout too quickly, which produces short stemmed Flowers. In planting Bulbs, especially in loose soil or sand, give them extra depth to produce roots so that they will take food value from the soil.

For pot growing, use sandy loam and bury the pots in the garden for five or six weeks or keep in a dark place to produce roots; then bring them into the house to force into blooming. To grow in jardinières, without drainage, use our Bulb Fibre as listed on Page 25.

GIANT HYACINTHS

PRIZE WINNING GIANT HYACINTHS

The Hyacinths we offer are the best varieties and finest colors obtainable and will all produce beautiful full blooms that will be the pride of your garden.

Cardinal Wiseman—Large Dark Rose.

(Postpaid)

SPECIAL HYACINTH COLLECTION

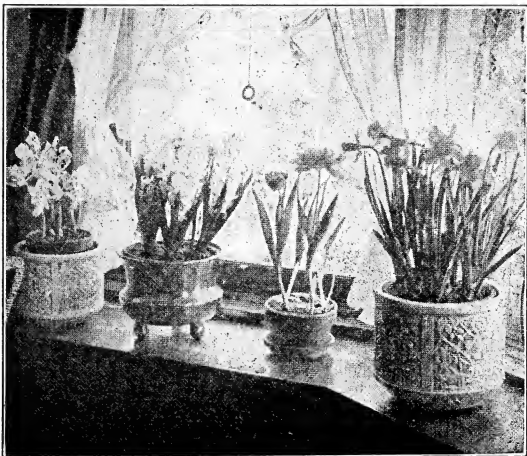

ONE EACH OF THE ABOVE SEVENTEEN VARIETIES, POSTPAID **\$1.40**

Specially Prepared Bulb Fibre for Pot Culture (Indoors)

Composed of a porous material that does not sour, even though thoroughly moist, and which is ideal for the growth of certain bulbs in pots. No drainage is required. All that is necessary is a medium depth or shallow bowl or jardiniere filled with moistened fibre. If too wet, squeeze by pressure of hand and tip the bowl to drain out surplus water. We recommend the following bulbs for growing in pots: Hyacinths, Paper White Narcissus, Chinese Sacred Lilies, Crocus, Tulips, Easter Lilies, Muscari, Lilies of the Valley, Scillas and Freesias.

15c per lb.; 5 lbs. for 60c; 25 lbs. for \$2.50. Postpaid.

Fibre comes slightly moistened.

Many bulbs can be grown successfully indoors in pots

Breeders or Old Dutch Tulips

(All prices postpaid)

Companions to the Darwin class, containing the rich mahogany, wine, and bronze shades. Some very wonderful soft, subdued colors are found in our special Breeder mixture.

Apricot—Beautiful apricot. Doz., 85c; 100, \$6.00.

Bronze Queen—Beautiful Clear Bronze. Doz., 65c; 100, \$4.50.

Cardinal Manning—Wine red, flushed rosy brown. Doz., 75c; 100, \$5.00.

Chestnut—Beautiful chestnut shade. Doz., 75c; 100, \$5.00.

Louis XIV—Immense rich purple blooms with golden bronze margin. Doz., 75c; 100, \$5.00.

Madras—Dark Bronzy Yellow and Gold. Doz., 75c; 100, \$5.00.

Velvet King—Large crimson-maroon with white base. Doz., 75c; 100, \$5.00.

Vulcan—Carmine violet with orange border. Doz., 85c; 100, \$6.00.

Special Breeder Mixture—Containing above varieties and many others. Doz., 75c; 100, \$5.00.

Cottage or May Flowering Tulips

This class of beautiful tulips contains certain shades, particularly the yellows, and others have pointed bases and petals not found among the Darwins and Breeders. They can be grown with these varieties as they all have fine long stems. We recommend them particularly for bedding, especially the Gesneriana.

Gesneriana Major—Brilliant Scarlet. Doz., 75c; 100, \$5.00.

Gesneriana Lutea—Golden Yellow. Doz. 75c; 100, \$5.00.

Inglescombe Pink (Salmon Queen)—Finest Pink. Doz., 65c; 100, \$4.25.

Inglescombe Yellow—"Yellow Darwin." Doz., 65c; 100, \$4.25.

Picotee (Maiden's Blush)—White, Edged Pink. Doz., 65c; 100, \$4.50.

Orange King—Bright Orange. Doz., 65c; 100, \$4.50.

Moonlight—Light Yellow. Doz., 75c; 100, \$5.00.

Rembrandt Tulips Mixed—Large flowers striped and feathered with long stems. All beautiful shades. Doz., 65c; 100, \$4.75.

Early Tulips, Kaiserkroon—Bright red with broad yellow border.

Fine for potting indoors. Doz. \$1.00; 100, \$7.50.

DAFFODILS AND NARCISSUS

(Plant Oct. to Jan.)

Culture: Daffodils and Narcissi appear to greater advantage if planted in partial shade. This will prolong their bloom, and will help to retain the color of the red and orange cup varieties. Set bulbs from four to five inches deep and eight inches apart. It is a good plan with all bulbs planted out of doors to cover ground on top with four or five inches of light material, such as straw or leaves, removing same after six or seven weeks. This will give good root, the results will be extra large flowers. Do not cut the leaves after blooming let them die back; if cut back, severely, you will have no flowers the following season.

Fancy Daffodills and Jonquils

(All Postpaid)

Barri Conspicuous—Broad primrose perianth with short crown edged orange scarlet. Doz., \$1.00; 100, \$7.50.

Emperor—Pure Yellow, large trumpet. Doz., \$1.25; 100, \$9.00.

Empress—Large yellow trumpet with white perianth. Doz., \$1.25; 100, \$9.00.

Golden Spur—Popular early variety. Doz., \$1.00; 100, \$7.50.

King Alfred—Giant Golden Yellow, the best. Doz., \$1.75; 100, \$13.00.

Sir Watkins—Immense flowers over 5 inches across. Doz., \$1.25; 100, \$9.00.

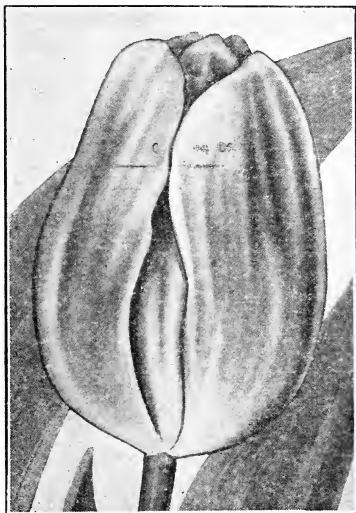

Von Sion—Largest double yellow trumpet variety. Doz., \$1.25; 100, \$9.00.

Sweet Scented Jonquils—Resemble daffodils but are much smaller and in clusters. Golden yellow and very fragrant. Doz., \$1.00; 100, \$7.00.

Sunset Seed and Nursery Co., 1720 Ocean Ave., S. F.

Fancy Imported Giant Darwin Tulips

(Plant from October to January)

Giant Darwin Tulip

This is the favorite type of Tulip. They excel in brilliancy of colors, perfect form of flowers, and long stout stems. For a beautiful effect in borders and planted in groups among shrubs, they are unsurpassed. As a cut flower, they are of great value, good keepers, and come in lovely shades of mauve, violet, maroon, pink and red. Our complete list of well balanced varieties will help our customer to choose a collection of these bulbs, which we know will give satisfaction.

Tulips are a very satisfactory flower, both for garden and pot culture. They require very little attention, and will grow in any fairly good soil. The soil should be forked deeply, then a coating of Bone Meal or any other good fertilizer applied. Plant bulbs four or five inches deep, eight to nine inches

apart. These planting directions apply to all the different types.

Sunset Tulip Assortment

Sunset Seed and Nursery Co., 1720 Ocean Ave., S. F.

Sweet Scented Narcissus

(All Postpaid)

Grand Soleil d'Or—Fragrant clear yellow, with orange cup. A wonderful cut flower. Each, 12c; doz., \$1.25; 100, \$9.00.

Paper White—Pure white, fine for indoors in Bulb Fibre, as well as outside. Doz., 75c; 100, \$5.00.

Chinese Sacred Lillies—To grow in lily bowls with water. Large bulbs. Each 12c; Doz. \$1.25; 100, \$9.00.

Poeticus (Pheasant's Eye)—Doz., 75c; 100, \$5.50.

GIANT FLOWERING DAFFODILS AND FRAGRANT NARCISSUS

In a grand mixture

Special 75c doz.; \$5.00 per 100

FREESIAS

(Plant August to January)

No flower can surpass the beautiful Freesia. They come in a variety of colors, and are especially suitable for borders, hanging baskets, and window boxes. Ready about August 15th.

Giant Purity—Pure White. Doz., 25c; 100, \$1.50, postpaid.

Special Mixture—All colors in a beautiful rainbow mixture. Doz., 50c; 100, \$3.50, postpaid.

AMARYLLIS

(Plant October to January)

Belladonna Major—The old fashioned deep Pink, very fragrant. Each, 20c; Doz., \$2.00. Postpaid.

Vittata Hybrids—Gigantic blooms of scarlet, cerise, crimson, etc. Each, 75c; Doz., \$7.50.

ALSTROMERIA

(Plant November to February)

This is the beautiful golden spotted Peruvian Lily you see so often in the florist's windows. We have procured some of the finest stock of this variety in America, and no garden should be without them. They make wonderful cut flowers, keeping from eight to ten days in water. Each, 25c; Doz., \$2.50, postpaid.

ANEMONES

(See colored illustration on front cover of this book.)

(September to February)

(Soak overnight in water before planting.)

No flower is more beautiful than the Anemone. They are easy to grow and come in a wonderful assortment of colors. Plant 1½ inches deep, 4 to 6 inches apart. Prices are postpaid.

Anemone—The Caen Mixed (first size). Doz., 75c; 100, \$5.00.

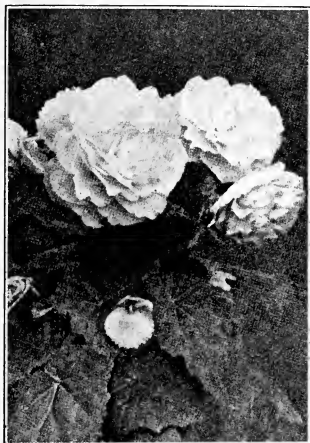

Anemone—The Caen Mixed (second size). Doz., 60c; 100, \$4.00.

Anemone—St. Brigid or Irish Anemones. Large semi-double blooms mixed colors. Doz., 90c; 100, \$6.50.

EXHIBITION BEGONIAS

(January to April)

Single Varieties—25c each; \$2.50 doz. Postpaid.
Double Varieties—25c each \$2.50 doz. Postpaid.

DOUBLE BEGONIA

CANNAS

(Plant February to April)

All varieties, any color—Each, 25c; postpaid. \$2.50 doz.

CHIONODOXA

(Glory of the Snow)

Dwarf early flowering bulbs with sky-blue blossoms with white center. Fine in rockeries. Doz. 40c; 100, \$2.50. Postpaid.

CROCUS

(Plant October to December)

Crocus are of very easy culture. Beautiful upright bell shaped flowers, with grass like foliage and very early. They are at home if planted in grass plots or lawns and make fine borders and potted plants. Can also be grown beautifully in jardinières with our Bulb Fibre. Plant about three inches deep and as thick as you like. They are never out of place. Prices are postpaid.
Mixed, all Colors—Doz. 35c; 100, \$2.50.

CYCLAMEN

Strong Bulbs, mixed colors—Each, 25c; Doz. \$2.50. Postpaid.

DUTCH IRIS

One of the most satisfactory Iris to grow. Fine for cutting. Imperator—Beautiful clear blue. Doz. 65c; 100, \$4.50. Postpaid.

ERANTHIS HYEMALIS

(Winter Aconite)

Early blossoms, golden yellow buttercup shaped blooms. Does well in moist places or under trees. Doz., 40c; 100, \$2.50. Postpaid.

GLOXINIA

Strong Bulbs, mixed colors—Each, 40c; Doz. \$3.50. Postpaid.

IRIS FOETIDISSIMA

Oriental red pod Iris, 25c each; \$2.50 doz. Postpaid.

Plant November to February

JAPANESE IRIS

(November to February)

(Postpaid)

This variety of Iris produces the largest and finest flowers in a great variety of colors. They are hardy and do best in partial shade and require plenty of water. They bloom for six weeks during June and July. The flowers measure 8 to 10 inches in diameter and are borne on tall stems.

	Each	Per doz.
Mixed Colors: strong clumps	\$0.35	\$3.50

We can supply the Begonias in either single or double in the following separate colors: Rose, White, Yellow, Orange, Scarlet and Crimson.

Begonias do well outside in partly shaded places. They also make fine potted plants indoors.

BLEEDING HEART

(Dec. to Feb.)

Spectabilis — Each 75c; Doz., \$7.50, postpaid.

CALLA LILLIES

(August to January)

Common White — 15c. each; \$1.50 doz., postpaid.

Yellow Calla — Each, 25c; \$2.50 doz. Postpaid.

Sunset Seed and Nursery Co., 1720 Ocean Ave., S. F.

IRIS OCHROLEUCA. GIGANTEA

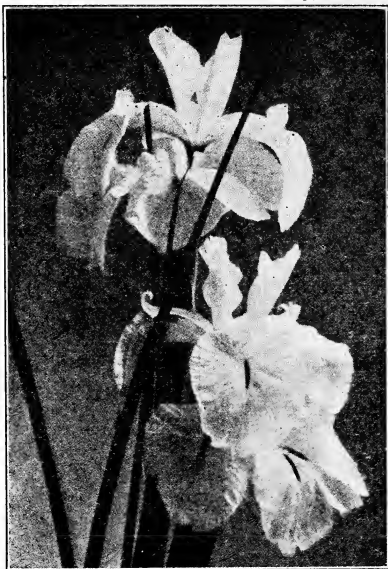

(November to April)

(Postpaid)

A fine species, growing four feet tall with evergreen foliage, producing large creamy-white flowers with an orange yellow blotch on each petal; blooms in May. Each, 25c; Doz., \$2.50. Giant Golden Yellow—Each, 25c; Doz., \$2.50.

HARDY IRIS OR FLAGS

(Plant September to February)

Our Giant Flowering Hardy Iris

This type has beautiful orchid-like flowers and broad foliage which is evergreen. Very suitable for planting in borders in light shade or sunny places. Plant 2 inches deep and 15 inches apart.

This is an entire new list this year.

Afterglow—Soft greyish-lavender.

Caprice—Large reddish purple.

Crusader—Light blue shaded violet.

Dr. Bernice—Beautiful bronze and crimson.

El Dorado—Bronze shaded violet purple.

Gertrude—Deep violet blue, very fragrant.

Her Majesty—Rose pink tinged crimson.

Lorely—Light yellow and blue.

Our Giant Flowering Gladiolus

Special Collection Giant Flowering
Gladiolus

ONE EACH OF THE 29 VARIETIES LISTED
BELOW, POSTPAID FOR

\$1.90

Our Gladiolus Bulbs are of the highest quality selected to produce the finest long stemmed blossoms of mammoth size. The varieties offered are the best in their particular color. Gladiolus are becoming more popular each year as they are such wonderful cut flowers, keeping in water when cut as long as ten to fourteen days.

Culture:—The bulbs should be planted about 4 inches deep and 7 or 8 inches apart. Any good garden soil will make strong plants and good bloom, but a light application of pulverized sheep manure or good commercial fertilizer applied on the top of the ground after the plants are several inches high will aid in producing larger blooms. Keep the ground moist until the flower spikes begin to appear, then water freely. The bulbs should be taken up in the fall, after the leaves have become yellow, and then stored in a cool, dark place, free from frost. From December to May are the months to plant Gladioli.

(All prices postpaid)

- Alice Tiplady—(Primulinus) Beautiful orange saffron. Each 6c; Doz., 60c.
- Baron Joseph Hulot—(Blue King)—Rich Indigo Blue. Each, 8c; Doz., 85c.

LILY OF THE VALLEY

(Plant November to February)

The pure white fragrant flowers and pale green foliage of this plant render it one of the most beautiful and most admired. They succeed well in any soil, but prefer a sandy location. Doz., 75c; 100, \$5.50. Postpaid.

MONTBRETIAS

(Plant November to January)

All Colors—mixed. Doz., 50c; 100, \$3.50. Postpaid.

MUSCARI—Grape Hyacinths

Heavenly Blue. 50c doz.; \$3.00 per 100, postpaid.

ORNITHOGALUM

Arabicum (Star of Bethlehem)—Beautiful variety, throwing up a tall spike bearing numerous large, milk-white, star-shaped flowers, with a black center, and having a distinct aromatic perfume. They are the easiest culture. 10c each; \$1.00 per doz.; \$7.00 per 100.

PEONIES

(Plant November to January)

Plant them in deep rich soil, setting the roots so that the crowns are covered with two inches of earth. If planted too deep they are not likely to bloom freely.

Pink, Red, White. Each, 60c, postpaid. \$6.00 doz.

RANUNCULUS

(September to February)

(Soak overnight in water before planting. Plant points down.)

Ranunculus are without doubt the prettiest of all spring flowers. They come in practically all shades and colors, are easy to grow and are especially fine as a cut flower.

Giant Flowering—Mixed. Doz., 50c; 100, \$3.50. Postpaid.

Extra Selected Exhibition Strain—Mixed. Doz., 75c; 100, \$5.00, postpaid.

SCILLA OR WOOD HYACINTH

(Plant October to January)

Charming bell-shaped flowers that do well under trees or in other shady situations; bloom very early; suitable for edgings and borders. Plant 3 inches deep and 4 to 6 inches apart.

Blue Queen—Beautiful azure blue. Doz., 50c; 100, \$3.00. Postpaid.

TIGRIDIA (Tiger Flower)

Gorgeous summer flowering bulbs. Flame colored and spotted. Each, 25c; Doz., \$2.50. Postpaid.

TRITONIA CROCATA

(Plant September to January)

(Postpaid)

Attractive orange-red flowers about 2 inches across with a transparent blotch at the base of each petal. One foot tall, bloom in May. 50c per doz.; \$3.75 per 100.

SNOWDROPS

(October to January)

Early White Blossoms with Green Tips. Doz., 50c; 100, \$3.50.

Postpaid.

SPARAXIS

(October to January)

Mixed Colors. Doz., 50c; 100, \$3.50. Postpaid.

TUBEROSE

(February and March)

The flowers grow on stems 18 inches high, each stem bearing about a dozen flowers. They are pure white, wax-like, and very fragrant. Plant outdoors when all danger of frost is over. Cover the bulbs about an inch with fine light soil.

Dwarf Double Pearl. Each, 10c; Doz., 90c. Postpaid.

WATSONIAS

(September to January)

Giant—Pure White. Doz., 50c; 100, \$3.50. Postpaid.

Giant—Red—Doz., \$1.00; 100, \$7.00. Postpaid.

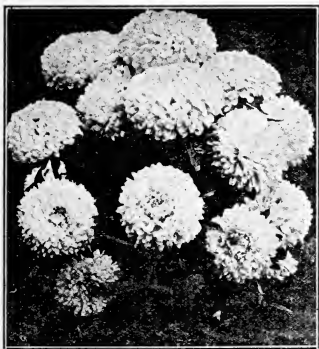

We carry many more varieties of bulbs and roots not listed in this catalog. If there is anything you wish, get in touch with us. We ship seeds, plants and bulbs to all parts of the world.

How to Raise Flowers Successfully from Seed

Cultural Directions—It is better in most instances except hardy annuals to start the seed in shallow boxes about 4 inches deep, using very sandy soil with leaf mould so that it will not bake, and provide for drainage by boring some holes in the bottom of the box. Set the boxes in a warm sheltered place, but protect from direct sunlight, as the seed is liable to be scorched up. When the plants have made the fourth leaf they should be pricked out, reset in another box or preferably in paper pots and when well started they should be transplanted into the garden. If the seed is to be sown directly in the garden, it should be done after the soil is well worked and fertilized. A slight depression should be made with a stick, the seed sown, and then covered with sharp sand about twice the depth of the diameter of the seed. The sand will prevent the crusting over of the soil after watering.

When up, the plants must be thinned from 2 to 12 inches, depending on the variety, otherwise they will be weak and spindling. Always keep the weeds out.

A common mistake in sowing flowers, as well as other seeds, is covering too deep. As a general rule, cover only to the depth of the thickness of the seeds; or, with medium-sized seeds, like Balsams, Zinnias, etc., half an inch or less is the proper depth. Such fine seeds as Portulacas, Nicotiana, etc., need only to be pressed into the soil with a piece of board or the palm of the hand. Always press the earth down firmly after sowing all flower seeds, else there is a danger of their drying up before the roots can get firm hold of the soil. Seeds of the hardier annuals may be sown where they are to

grow; but as a rule, it is preferable to transplant, as the plants are generally stronger and stand the drought better. During very dry weather, and when the seedlings are first set out, they should be watered frequently. Provide some support for such annuals as require it.

The weeds should be kept down and the ground loosened often, so that the plants will receive the full benefit of the rains and dews, which they will not if the ground is allowed to become hard and baked. Water often.

It is very important to procure the best grade and quality of seed. One trial will prove to you we have the finest quality available.

Fresh Flower Seeds of Highest Quality

The following flower seeds are the finest improved strains from the most celebrated sources both in Europe and America.

Our Giant Orchid Flowering Spencer Sweet Peas

How to Grow Sweet Peas Successfully

In California we have two seasons for planting this popular annual. For the earliest Spring blossoms Fall planting from September to December is employed. For a succession of flowers, planting can be continued until late Summer. We know of no other flower which responds to good care so well and which rewards the growers with quantities of beautiful cut flowers.

Prepare your soil with a liberal dressing of our specially pulverized Sheep Manure or Bonemeal. Sweet Peas are heavy feeders, due to the continued cutting of their blooms. Cutting and keeping of the withered blossoms greatly prolongs the flowering season. The soil should be deeply dug and thoroughly mixed with the fertilizer. Make a trench about 5 to 6 inches deep, planting the seeds 3 to 4 inches apart and covering them 1 inch deep with good soil. Sweet Peas do best in a well-firmed soil, so after planting tread the soil tight over the seeds with your shoes or any suitable implement. Thoroughly and completely soak the entire bed, and remember to keep moist, as any dryness after seeds germinate is fatal.

Giant Orchid Sweet Peas

When the plants are 6 inches high, pinch out an inch or so of the top to make husky, sturdy plants, and gradually fill in the trench. By these methods you insure deep-rooted, drought-resistant plants that will bear magnificent large, long stem flowers. This is also the time to provide a trellis. Five-foot common chicken wire neatly stretched is ideal. However, strings or small boughs can be used.

Garden lovers wishing the best in Sweet Peas should not hesitate to order our Special Sweet Pea Bargain. We sold thousands of these collections last year and received many testimonials from all parts of the country, praising the quality of the blooms, the length of stem and the wonderful range of color.

Our Special Sweet Pea Bargain

Exhibition collection of Giant Spencer Sweet Peas in a wonderful collection of eight gorgeous colors, each in a separate packet.

Early Giant Mixed—Pkt., 10c; oz., 50c; ¼ lb., \$1.50.
Special—One each of the seven separate colors above—50c post-paid.

When to Sow Flower Seeds in this District

This list enables one to tell at a glance when the various flower seeds may be sown. As some perennials will bloom the same season if sown early in the year, we therefore have stated the latest time in the spring they may be sown to bloom the same season; in regard to perennials that will not bloom the same year if planted in spring, we have stated the time they should be sown in the fall to bloom the coming summer. Also the time they may be sown in spring to bloom early the following year. Several varieties of hardy annuals if sown in the fall will come into bloom earlier than if sown in the spring, even if the plants do not make much progress during the cold weather. Tender and half hardy annuals, if sown early, should be started in a warm sheltered position and transplanted when the cold weather is over.

Turnip	August — April

Highest Quality Lawn Seeds

We Specialize in High Grade Lawn Seed

Our lawn seeds are the finest and highest grade obtainable. Practically all the good lawns in the West of Twin Peaks district are seeded with our seeds. We supply large quantities of our seed to the Government fortifications in and around San Francisco, as well as the Navy Department.

How To Produce a Good Lawn

Lawns can be made in California any month of the year, but if made from September to May will require less care and water. The ground should be well prepared. The soil should not be too rich, as at the start a rapid growth is not wanted from Grass sowed for lawns.

After the ground is thoroughly worked, roll the soil before seeding to prevent the soil from settling uneven. After the soil is rolled, then rake the surface lightly. Sow the seed so as to cover the ground thoroughly with seed. After seeding cover seed lightly with soil. Then roll again so as to press the seed in firmly. If you have no roller use boards and tramp on them so as to pack the ground firmly. A roller is preferred. If you do not pack the ground firmly the seed will grow in spots, and the mower will ruin the lawn on account of the soil being loose.

Grass Seed will germinate in from 8 to 15 days, according to the weather. If a lawn is made during the summer, after the seed has been rolled, the ground should be covered lightly with straw or grass so as to retain the moisture. New lawns should not be allowed to dry out, not even for half a day. For the first 15 days the lawn should be watered twice a day if it is required.

A lawn should be fertilized after the first cutting.

We recommend Pulverized Sheep manure. (See page 48).

If these directions are carried out, the seed will quickly produce a firm, deep, velvety and elastic turf, with no tendency to stool or grow in clumps. It roots deeply and holds its beautiful emerald green color throughout the season. To keep this beautiful color, lawns should be fertilized with Lawn dressing twice a year. If stable manure, which is often full of weed seeds, is used, it will cost more to remove the weeds than to put in a new lawn..

Sow the seed thick enough at the start and save yourself a lot of unnecessary work. Sow one pound to a space 10x10 ft.

Highest Quality Lawn Seeds

(All prices on lawn seed are postpaid within the 4th zone.)

Australian Rye Grass—A very vigorous quick-growing lawn grass, but a little coarse. Very satisfactory for lawns in San Francisco. Best grass for sandy soils. 1 lb., 30c; 10 lbs., \$2.50.

Pacific Rye Grass (Genuine Pacey's Rye Grass)—This grass is similar to the Australian Rye Grass, but has a finer leaf and is longer lived. Per lb., 35c; 10 lbs., \$3.00.

Chewing Fescue—Forms a close, lasting turf, succeeding well even under poor conditions. It is used extensively in lawn and putting green mixtures. Per lb., 65c; 10 lbs., \$6.00.

Creeping Bent—Being of fine texture this grass is excellent for lawns and putting greens; makes a low velvety growth. Per lb., \$2.00.

Kentucky Blue Grass—Fancy; extra clean. The most popular grass for lawns. It is a dark green and of dense growing habit, making a beautiful turf in a heavy or black soil. Per lb., 50c; 10 lbs. \$4.50.

Red Top Grass—Gives a quick effect and succeeds on all soils, though doing best on moist soils. Should be in all lawn mixtures. Per lb., 45c; 10 lbs. \$4.00.

White Clover—Of dwarf habit with creeping stems, rooting at joints, on which account it makes an excellent turf that stands constant tramping. Planted for a lawn either alone or in mixture with grass seed. Per lb., 75c; 10 lbs., \$6.50.

Park Lawn Mixture (Formerly known as Golden Gate)—This mixture of hardy grasses contains a little white clover and forms a thick, strong turf that will stand hard usage. Lb., 50c; 5 lbs., \$2.25; 10 lbs., \$4.00.

Shady Nook Mixture—This mixture contains grasses for making good lawns in shady places and under trees. Lb., 75c.

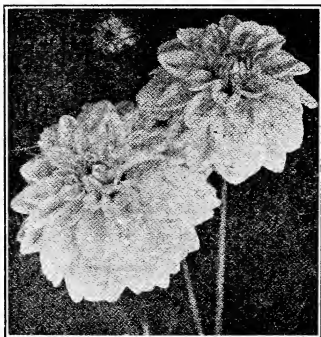

Sunset Special Lawn Mixture—This mixture will produce the finest lawn in almost any location. It is composed of four grasses and white clover and the result of many years experience. It will stay green all year round. One pound will sow a space 10x10 feet. 60c lb.; 10 lbs., \$5.50, postpaid.

OUR PRIZE WINNING DAHLIAS

(All Postpaid)

Cultural Directions

Although Dahlias are easily grown in any good garden soil they respond readily to good cultivation. Prepare the soil by digging 12 to 18 inches deep and working in a moderate amount of well rotted manure or commercial fertilizer. Plant the bulbs $2\frac{1}{2}$ to 3 feet apart at a depth of 5 or 6 inches. Give them just enough water when above ground to keep them growing slowly. Apply fertilizers and water in quantities only after the plant commences to bud. Dahlias may be planted from March to July, preferably in May.

Al Koran—Dec. Large golden yellow. 75c each.

Ambassador—Cac. Soft yellow buff shaded pink. \$1.00 each.

Amun Ra—Beautiful coppery orange, long stems, a prize winner decorative. 50c each.

Ballet Girl—Cac. Orange, splashed and tipped with white. 75c each.

Black Jack—Decorative—Rich dark maroon. almost black. 75c.

Chris's Lavender—Peo. A clear lavender of orchid shadings. 75c.

Prize Winning Dahlias (Continued)

- Champagne—Dec. Beautiful golden champagne. 50c each.
Crown Princess Louise—Dec. Combination of old gold and deep amber. \$1.50 each.
Dahlia Imperialis (Tree Dahlia)—Ready in April. \$1.00 each.
Delice—Dec. Beautiful glowing rose-pink, fine cut flower. 25c each.
Earle Williams—Dec. Scarlet, tipped with white. 75c each.
Ellenor Vanderveer—Dec. Lovely shade of rose pink. 50c each.
Faith Garibaldi—Dec. Gigantic rose pink. 75c each.
Gertrude Ederle—H. C. Primrose yellow, erect stems. \$1.50 each.
Golden Jubilee—Dec. A beautiful shade of golden orange. 50c each.
Halvella—Dec. A beautiful shade of rose-pink. 75c each.
Islam Patrol—H. C. Giant red and gold. \$1.00 each.
Kitty Dunlap—Dec. American beauty rose color. 75c each.
Lenore Woolams—H. C. A beautiful shade of deep American beauty rose. \$1.00 each.
Logan's White—Dec. Large snow white. 75c each.
Miss California—Dec. Oriental fuchsia. 75c each.

ANY OF THE ABOVE 25c EACH, \$2.50 PER DOZ. POSTPAID.

Special Offer of Pom Pom Dahlias

One each of twelve different colors. Postpaid. Our selection unlabeled

\$2.00

NOVELTIES AND SPECIALTIES
of exceptional merit
1932 NOVELTY
NEW DOUBLE SWEET SCENTED
NASTURTIIUM—"GOLDEN GLEAM"

The plant forms a vigorous, large bush which throws out short runners, averaging eighteen inches. When in full bloom the entire plant, including the runners, is a blaze of color. The large, golden-yellow flowers average two and one-half to three inches across. They are borne on erect, stiff stems six inches in length. Consequently the flowers stand well above the foliage, an arrangement which adds immeasurably to the showy appearance of the plant. The blossoms are very fragrant. **Seeds per packet 25c.**

AZALEAS

These beautiful flowering shrubs are a sight to behold in early spring. They are of dwarf habit and smothered with the brightest colored blossoms. The foliage is also beautiful being glossy and clean looking.

Azalea Japanese Evergreen—Crimson flowering. Extra strong, well branched bushes. \$1.50, \$2.00 and \$2.50 each, by mail add 25c postage.

Azalea Indica—This variety is used extensively as a house plant, and comes in all colors. Extra strong, well branched bushes. \$3.00 each, by mail add 25c postage.

BOUVARDIA

A small shrub with drooping branches producing red, pink and white Jasmine-like flowers in close terminal clusters during Summer and Fall. Requires partial shade and a protected position. Potted. 75c, \$1.00 and \$1.50 each.

CAMELLIA

Beautiful Winter-flowering evergreens, with shining dark-green foliage and magnificent wax-like flowers blooming very profusely all Winter. Should be grown in a partially shaded, well sheltered location. Quite hardy.

Double Rose Pink—\$1.00, \$1.50 and \$2.50 each.

Double Red—\$1.00 and \$1.50 each.

DAPHNE ODORATA

These beautiful, low-growing shrubs have dark green leaves and small flowers in clusters which are very sweet scented and appear in early Spring. Pink, variegated leaves. Balled, \$2.00 each, \$2.50 each and \$3.50 each.

GARDENIAS

This pure white sweet scented blossom is the most popular corsage flower used by florists. Must be grown indoors or in sheltered spots outdoors. \$1.00, \$1.50 and \$2.50 each.

KOREAN SPIRAEA

New drooping type of this beautiful shrub. Branches covered with pure white blossoms. 75c each, postpaid.

NEW BEAUTY BUSH

Kolkwitzia Amabilis

An exceedingly handsome ornamental shrub from Central Asia. The foliage and habit are attractive when the bush is out of flower and it is perfectly hardy as far north as Montreal. It grows 6 to 9 ft. high when mature but can be kept down to any desired height by pruning. It is of erect growth and twiggy producing long arching branches covered with clusters of small, tubular flowers of the honeysuckle type, borne in such profusion that the bush is one cloud of delicate pink. This novelty should be in every garden. \$1.00 each postpaid.

RHODODENDRONS

This well known gorgeous blossom attracts thousands of visitors to Golden Gate Park during the blooming season. Rhododendrons are not the tender plants that many people suppose. They do well most anywhere, if planted in a partially shaded location. Our plants are all grafted, well branched and bear flower buds. Do not confuse these with wild varieties which do not grow out of their native habitat. Ready for planting about Dec. and through winter until spring.

Pink Pearl—The finest of the pink-flowering varieties with immense trusses of bright pink blossoms. Balled, well branched bushes with flowering buds. \$4.00, \$5.00, \$6.00 and \$7.50 each.

Alice—Similar to Pink Pearl but a more compact bush with darker foliage. Prices same as Pink Pearl.

Hybrid Rhododendrons—Lavender, Rose, Red and White balled. \$3.50 each.

SUNSET HARDY FLOWER SEED COLLECTIONS

The following HIGHEST QUALITY flower seed collections have been selected with great care to produce an abundance of fine cut flowers as well as a gorgeous color effect in your garden. To get the best results with these collections it is necessary to follow our cultural instructions for growing flowers on page 33.

Exhibition Collection of Prize-Winning Snapdragons

One packet each of Crimson, White, Rose, Yellow, Silver Pink and Bronze. The six separate colors postpaid for 45c.

Exhibition Collection of Giant Branching Asters

One packet each of Pink, White, Red, Lavender and Purple. The five separate colors postpaid for 40c.

Exhibition Collection of Prize-Winning Pansies

One packet each of Light Blue, Dark Blue, Golden Yellow and Fiery Faces. The four separate colors postpaid for 50c.

Exhibition Collection of Mammoth Flowering Cosmos

One packet each of White, Pink, Crimson, Orange and Double Crested. The five separate colors postpaid for 40c.

Exhibition Collection of Giant Double Scabiosa

One packet each of Flesh Pink, Rose, Crimson, Azure Blue and Maroon. The five separate colors postpaid for 40c.

Exhibition Collection of Giant Double Nice Stocks

One packet each of Yellow, Pink, Rose, Red, Lavender and Purple. The six separate colors postpaid for 60c.

Exhibition Collection of Giant Double Zinnias

One packet each of Yellow, Orange, Pink, Red and Lavender. The five separate colors postpaid for 50c.

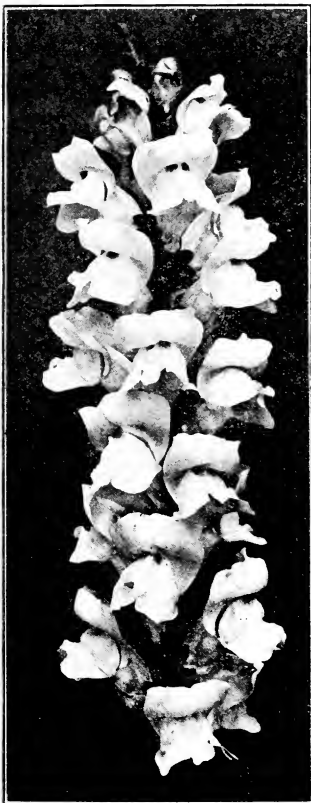

Glorious Sunset Flower Collection

One packet each of Cosmos, Zinnias, Pansies, Calliopsis, Marigold, Gaillardia, Sweet Peas, Petunia, Nasturtium and Larkspur. The ten separate varieties postpaid for 75c.

Our Special Sweet Pea Collection

Eight separate colors, all prize winners for 50c.

Turn to page 35 for complete list and cultural instructions.

Exhibition Snapdragons

GARDEN SUPPLIES

Compressed Air Sprayers

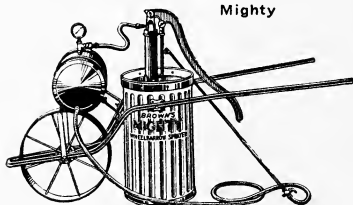

The strongest, most efficient and simplest in construction of any we know of on the market. Such patented features as all brass collar and locking device, and all-brass valve with no troublesome washers to replace cause it to be used so extensively for spraying vines, shrubs, plants, rose bushes, fruit trees, poultry houses, dairy barns, etc., throughout the world.

9B—4 gal., corrugated brass tank	\$10.50 postpaid
9D—4 gal., corrugated galvanized tank	7.50 postpaid
50B—3 gal., brass tank	8.50 postpaid
50D—3 gal., galvanized tank	6.25 postpaid

Wheelbarrow Sprayers

Mighty

have ever seen. "Mighty" has air-storage tank for 250 pounds pressure. Ask for details. \$39.75 each.

Unexcelled for use in spraying orchards, gardens, shrubbery, white-washing, stucco painting, kalsomining, etc. 15-gallon corrugated bucket, heavy-duty pump, 18" wheel. The sturdiest, best constructed pump we

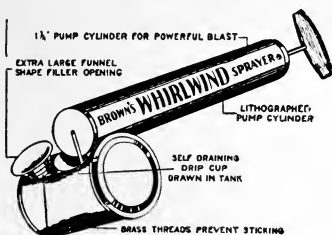

NO 26 A — ALL TIN
" " B — TIN PUMP, BRASS RESERVOIR
" " C — ALL BRASS

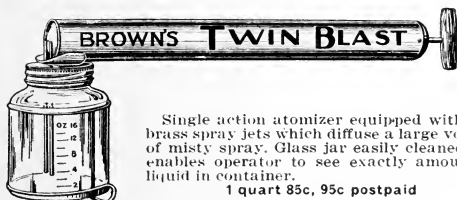

BROWN'S CONTINUOUS SPRAYER No. 26C—Brass pump. Copper-bronze tank. Throws spray uninterruptedly by a few strokes. \$1.60 each; \$1.75 postpaid.

There are so many insects attacking plants, that regardless of how good the insecticide is, that is being used or recommended for this particular insect, the secret of the whole spraying is a good sprayer. Many people, who have a good sized garden, make the mistake of buying a cheap sprayer, that is not efficient in the application of any insecticide, and applying insecticides is one half of the battle. We recommend using compressed air sprayers for that reason. Patrons who are in doubt as to the use of insecticides, should write us, and we will be glad to advise you to the best of our knowledge.

SPRAYERS CONTINUED

Brown's Improved Whirlwind Sprayer —
For spraying liquid insecticides on all kinds of plants. Also good for spraying kerosene in chicken houses, etc. We consider this new model the best tin sprayer on the market at a low price. 50c each; 60c postpaid.

Single action atomizer equipped with two brass spray jets which diffuse a large volume of misty spray. Glass jar easily cleaned and enables operator to see exactly amount of liquid in container.

1 quart 85c, 95c postpaid

Brown's Hand Dusters BROWN'S CRYSTAL DUSTER

A new type hand duster with glass jar container, having efficient agitation to break lumps, large discharge tube with removable fan shape spreader nozzle. Handles sulphur and all kinds of other dusting material. One quart capacity. \$1.25, \$1.40 postpaid.

BROWN'S TIN DUSTER

A good all around tin duster, 1/2 pint capacity 60c, postpaid.

GARDEN HOSE SPRAYERS

These sprayers operate by the use of a garden hose connected up with your water supply.

Spraying flowers, vegetables, shrubs and trees with a hand sprayer is very hard work. For this reason, growing things rarely are sprayed enough to protect them properly from the hordes of devouring insects.

THE FOILAGE HOSE SPRAYER

FOILAGE HOSE SPRAYER takes all the work out of spraying. With it, in five minutes, and with no labor, one can spray a sizable garden.

The spray made by the FOILAGE HOSE SPRAYER is very forcible—a decided advantage against certain insects.

The FOILAGE HOSE SPRAYER can be used with any concentrated water-soluble insecticide, or disinfectant. FOILAGE-GARDEN INSECTICIDE is, however, especially recommended.

Complete with 2-oz. bottle of Foilage Garden Insecticide \$1.50, \$1.65 postpaid. (A 2-oz. bottle of Foilage makes 6 gals. of spray).

THE EASY SPRAYER

This consists of a nickel plated cylinder with gooseneck and shut off valve, to be connected to your garden hose. A spray cartridge is inserted in the cylinder which controls such insects as aphids, mealy bugs, etc. \$3.00 each, \$3.15 postpaid.

Spray cartridges for above—30c each. (A cartridge lasts about 30 minutes.) 35c postpaid.

INSECTICIDES AND FUNGICIDES

Poisons cannot be sent through the mail but must go by express or freight. Items not marked postpaid must go forward at purchasers expense.

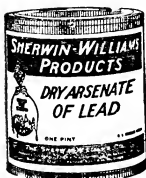

Antrol

Kills Ants in the Nest

ANTROL—For Ants, Cottage Set, complete with 4 receptacles and syrups. 85c; Antrol receptacles only, 12½c each; Antrol syrup, 4 oz. bottle, 35c; 1 pint, 75c. (Unmailable.)

ARSENATE OF LEAD. Dry Powdered—A dry, very finely powdered arsenate of lead which may be dusted or sprayed. Use 2 to 3 lbs. per 100 gallons of water. Does not burn the leaves. ½ lb., 25c; 1 lb., 40c; 4-lb. bag, \$1.00. (Unmailable.)

ANT DESTROYER, SHRADER'S—Gets the nest as well as the parents because it is slow-acting and does not kill instantly. Not a poison. Packages 25c, 50c and \$1.00 each. (Mailable; add 5c per package for postage.)

ANT-FOIL—Sealed containers filled with syrup, ready to use. 15c each; 2 for 25c. (Unmailable.)

ANT-FOIL SYRUP—For refilling containers. Half pint, 25c. (Unmailable.)

SHRADER'S ARGENTINE ANT FEEDER SETS—Containing 8 filled containers and one-half pint of syrup for \$1.00. (Unmailable.)

Black Leaf 40 (40 per cent Nicotine)—For sucking insects, aphids, etc. Oz. bottle 35c; 5 Ozs. \$1.00; 1 lb. \$2.50; 2 lbs., \$3.25; 10 lbs., \$11.85. (Not mailable.)

Calcium Arsenate—Lb. 30c. (Unmailable.)

Dry Lime and Sulphur—For scale, blight, etc. 1 lb., 35c.

EVERGREEN
NON-POISONOUS INSECTICIDE

Evergreen Spray is a new non-poisonous insecticide that is effective against practically all the sucking and chewing insects such as Aphids, Thrips, Red Spider, Rose slugs, Mealy bugs, cut worms, etc. Pleasant and easy to use. Dilute 1 to 100 with some soap added. 1 oz. bottles, 35c; 6 oz. bottles, \$1.00; 16 oz. bottles, \$2.00; 32 oz. bottles, \$3.50. Postage extra.

We use this in our own nursery.

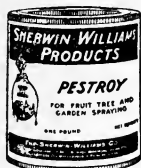

Foilage—A pyrethrum type of spray which is very efficient in killing insects such as aphids, mealy bugs, cabbage worms, caterpillars, thrips, etc. 2 ozs., 35c; ½ pint, \$1.00; pint, \$1.50; quart \$2.50. (Mailable.) (Postage extra.)

Flyrol—Fly and insect control. Pt., 60c; Qt., \$1.00; Gal. \$3.00. (Unmailable.)

Fungi Bordo (Bordeaux Mixture)—For blight, mildew, etc. 1 lb., 40c. (Unmailable.)

INSECTICIDES AND FUNGICIDES (Continued)

Kerosene Emulsion—For scale, mealy bug, etc. 1 qt., 50c.

Lime Hydrated—5-lb. package, 25c; 10-lb. package, 45c. (Mailable, postage extra.) 50 lbs., \$1.25, by express or freight.

Nicotine Miscible Oil—For plant lice, mealy bug, etc. 6 oz. 35c; pint 65c; quart \$1.00 (Mailable.) Postage extra.

Nicotine Spray—For rose lice, etc. 6 ozs. 35c; pint 65c; quart \$1.00. (Mailable.) (Postage extra.)

Pestroy—A combination of Bordeaux Mixture and Arsenate of Lead. Controls fungus troubles as well as chewing insects. 1/2 lb. pkg., 40c; 1 lb. pkg. 75c. (Unmailable.)

Powdered Sulphur—For mildew, etc. 1 lb. 10c; 10 lbs., 75c. Postage extra.

Qua-Sul—A sulphur carbon combination. The best remedy for mildew and fungoid diseases. 4-oz. bottle, sufficient for 3 gallons of spray, 25c; 8-oz. bottle, 40c; 1 quart, sufficient for 25 gallons of spray \$1.00; 1-gal. can, \$3.75. (Mailable; postage extra.)

Sow Bug Killer—1 lb. 50c. (Unmailable.)

Exterminates Snails, Slugs, Cutworms, Grasshoppers, Sow Bugs, Earwigs, Gophers.

Snarol

Snarol is a ready prepared meal that you simply broadcast on the ground, under the vegetation. The pests eat the meal and are quickly destroyed.

Snarol will not deteriorate from rain or sprinkling and also is non-injurious to vegetation when used

according to simple directions. These features distinguish it from ordinary controls and make Snarol popular with professional gardeners and nurserymen. 1/2 lb. 35c; 4 lbs. 75c; 15 lb. bag \$2.50; 50 lb. bag \$7.00 pkg. (Unmailable.)

Snail-Foil—A meal poison for the control of snails and slugs. Scatter lightly in the evening and dampen slightly after scattering. Use frequently rather than apply a great deal at one time. 1/4 lb. package, 35c; 4 lb. package, 75c; 15-lb. bag, \$2.50 (Unmailable.)

Iron Oxide—An excellent contact killer. Just dust it around the infested area. Not dangerous to plants or pets. 10 lb. bag, 65c; 20 lb. bag, \$1.15; 125 lb. bag, \$4.00. (Mailable, postage extra.)

Tobacco Dust—Extra strong. For snails, slugs, etc. 1 lb. 15c; 2 lbs. 25c; 5 lbs. 50c.

Tree Tanglefoot—A sticky substance applied directly to bark of trees for protecting them against ants and climbing insect pests. One application remains sticky on the trees for three months. Easily applied. One pound will spread 8 feet long by 5 inches wide. 1 lb., 60c; 5 lbs., \$2.75. (Mailable, postage extra.)

Volck—A powerful insecticide for the control of mealy bugs, scale insects, white flies, rust mites and red spiders. Can be used with nicotine for the control of aphids and thrips. One application kills eggs, young and adults. Economical enough to use on big trees. Easy to mix. 1/2 pint, 35c; makes two gallons of spray. Pint, 55c; quart, 80c; gallon, \$2.10. Small cans mailable, postage extra.

Whale Oil Soap—1 lb. 30c. (Mailable.) Postage extra.
